Questions

1. Opening of the Road – When will that happen.
2. What is the details that go into the LAC Model?
3. What does URO/BCW stand for?

- COMMENTS -

George Ross – Phase opening?
No parking plan now is a concern. Need a plan for parking facility
Good signage. Need step by step procedure.
Blend of Envir. Protection w/access
No motorized vehi

Lee - Horses & Horse Trails should be a core part of trail Master Plan (2)
Concern about jeeps -
- Impact on horses, pollution,
Volunteer Shooting guns, not local owners,
noise by jeeps
~~Vol~~ Horse Patrol - patrol the area. They would be local.

Johnny - Owner of Carefree
Territorial road use to get into the forest. Only 2 permits allowed access to the forest land.
Consider limited veh./day - allow for concessions on both sides.
Not just an access issue but economic (i.e. jobs, etc.)

Judy - Trails w/interpretive signs are good. Protects resource
Limits vandalism.

Judy Darbyshire - Signage is important. Multi Use Trails & Interpretive Center (Paloduro Canyon) - gd. example. (3)

Thomas McQuire - Phased opening would be gd. for monitoring w/ resources from City & Town, as well as citizens.

Nan Burn - Area used for educ. More emphasis on educ. rather than recreation
Hunting is not appropriate

Mary Beadle - (Earth Watch Survey Team inter-view & survey - what is acceptable) Are we going to do this? And how will it be weighted? To L.C. residents vs. outsiders

Richard Spalding

Terry Smith - Concerned about (4)
trails that go thru SCRCA &
into F.S. land. Historically the trails went thru.
- People have been cutting fences
because they have always used
the area & still want to.
- Interim trails thru SCRCA.
Need to open up this access thru
- Trails are used as links thru
SCRCA from homes thru ASLD,
& to the F.S.
This would reduce some of the people who are upset → - Identify these routes,
determine impacts &
open them up sooner.
- The people who want to use the
trails are paying for it.
- Can conserve sites & open
interim trails
Part of IGA - Staging area at entrance for horses

Nan - Remember that the area is a "Habitat" - sensitive environment

Norman - Ownership/planning of the 60 acres of private land.
- What will be done as it relates to this study?
- The property has an opening

Don S. - Preservation vs. Conserv. (No Use) show of hands

Thomas - Do you have the resources you need to keep an eye on it?

Brenda - Archaeology Society. I am in favor of preserv. of the sites but we have to use it to educate people toward preservation. Should not have public access to all the sites. Compromise

V. Mayor - IGA has precedence.
According to IGA, Town of C.C. has full veto power. We do differ on how it should be used. But we have to come together to preserve, conserve & educate.
- Some of sites are pristine & should not be visited by the public.
- Maybe some sites ~~are~~ should be rebuilt to show what was there.

Mayor - Fire mgmt.? How does the risk for fire fit into the computer model?
- Richard explained -

Jim Walkner - Architecture & Ecology
Resources of C.C. are constrained now.
- Capitalism? Hows it working in C.C.
