INSPECTION UPON REQUEST

Inspection upon Request* may be conducted at the request of the owner/operator and will consist of a scheduled inspection at a mutually agreed date and time. This inspection will be followed by a mandatory un-announced inspection within 30 days. Both inspections will be classified as routine inspections and will generate a score. As a result, your Environmental Services Award Certificate will be updated based on each inspection. Inspection upon Request may only be approved once every 12 months for each permit. If requesting for more than one permit a separate application must be filled out with fee. Complaint Inspections and Foodborne Illness Inspections will be conducted as usual during this process and will not be counted as an Inspection upon Request. Inspection upon Request and the fees associated with this inspection in no way guarantee the operator of a specific award.

The fee for Inspection upon Request is \$240. Both the Inspection upon Request and the subsequent Routine Inspection will be required. Payment shall be received in advance of the first inspection. Your assigned inspector will contact you to make an appointment for the first inspection within 5 days of payment received.
