

Maricopa County Five Percent Plan Rulemaking Project

Note: Click-on the blue underlined text to proceed to that topic.

Since Maricopa County did not attain the PM₁₀ standard by December 31, 2006, the region must submit a Five Percent Plan for PM₁₀ to the Environmental Protection Agency (EPA) by December 31, 2007. The Five Percent Plan for PM₁₀ must demonstrate that PM₁₀ emissions will be reduced five percent per year until the PM₁₀ standard is attained.

To comply with commitments proposed in the Five Percent Plan for PM₁₀, the Maricopa County Air Quality Department (MCAQD) is proposing revisions to the following Maricopa County Air Pollution Control Regulations: Rule [200](#), Rule [310](#), Rule [310.01](#), and [Appendix C](#). The MCAQD is conducting Public Workshops to solicit discussion and comments regarding proposed revisions to such rules.

The MCAQD has scheduled the sixth **Public Workshop for Wednesday, August 29, 2007 at 9 am in the Maricopa County Flood Control District Office - Adobe Room - 2801 West Durango Street**. Building #3 on this map: <http://www.fcd.maricopa.gov/images/DistrictMap.jpg>.

The MCAQD has prepared new drafts of Rule [200](#), Rule [310](#), Rule [310.01](#), and [Appendix C](#). If you will be attending the Public Workshop on August 29, 2007, please bring a copy of the draft rules with you. Please beware when printing these draft rules.
