

How does your smile score?

Our simple risk assessment can help you find out

 **DELTA DENTAL®**

The better your oral health is, the healthier you are

Delta Dental knows that you are doing your best to keep your mouth healthy. That's why we want to help you assess your risk for diseases and take steps to prevent or treat them.

- 1 Answer some simple questions about yourself and your oral health.
- 2 Print your personalized myDentalScore report and schedule an appointment with your dentist.
- 3 Your dentist will take a look at your results and, if needed, help you create a treatment plan.

Find out your oral health score now and be on your way to a happier, healthier mouth.
