Other governmental entities under agreement with the County may have access to services provided hereunder (see also Sections 2.21 and 2.22, below).

The County reserves the right to add additional contractors, at the County’s sole discretion, in cases where the currently listed contractors are of an insufficient number or skill-set to satisfy the County’s needs or to ensure adequate competition on any project or task order work.

2.0 SPECIFICATIONS:

2.1 TECHNICAL REQUIREMENTS:

The intent of these specifications is to establish a multi-award agreement for the purchase of Asphaltic Concrete Mix to be used by the Maricopa County Department of Transportation. - 2.1.6 VOLUMETRICS:

Procedures in the Asphalt Institute’s manual, MS-2 “Mix Design Methods for Asphalt Concrete” or “Superpave™ Volumetric Mix Design Manual, SP-2” shall be used to determine the volumetrics. The volumetric values shall be considered acceptable if the test values on ~~production~~ material falls within the mix design criteria established in **MAG section Section 710.3.2** ~~except for air voids. Air voids shall meet the following laboratory air voids criteria.~~ Laboratory Air Voids ~~for the constructed~~ of product **for construction** will be considered acceptable if all of the individual test results are within ±1.5 % of the mix design laboratory air void value at the design asphalt cement content. Compaction of the test specimens will be in accordance with the method and compactive effort utilized in the mix design.

Penalties will be assessed to payment for asphalt concrete pavement if the above requirements are not met. The amount of the penalties will be in accordance with **the modified Table 710-10 321-5.**

Table 710-10 321-5 Laboratory Voids Penalties	
Deviation from Mix Design Voids	Reduction in Payment
1.5 – 2.0 %	2 %
2.1 – 3.0 %	5 %
Greater than 3.0 %	Removal

For the purposes of assessing the penalties in Table 710-10 321-5, each day’s production will be considered one lot. The penalties will be applied to the payment for asphalt concrete pavement for the entire lot and will be based on the average values of the acceptance tests made for that lot.

Samples for acceptance tests will be taken by the Engineer at a frequency of one sample for every 1000 tones. The samples will be taken by the Engineer from behind the paver with a steel plate in accordance with ARIZ 104b.

The acceptance samples will be tested for laboratory voids in accordance with ~~ASTM D2041~~ **AASHTO T209** and AASHTO T166 or T275 as applicable. Acceptance test may be waived at the discretion of the Engineer for small quantity orders.

2.1.7 **VENDOR QUALITY CONTROL:**

In addition to other quality control responsibilities, the Vendor shall provide testing at the frequencies listed in ~~the Table 710-11 below~~ during production of asphalt concrete. A laboratory accredited in each of the listed tests by the AASHTO Materials Reference Laboratory shall complete the testing. ~~The laboratory facilities where the tests are performed shall be located within 3 km (2 miles) of the plant.~~

Results of each test shall be provided to the Engineer’s representative immediately as they are completed and in no case later than the end of the day the asphalt was produced. The Vendor shall utilize the results of this testing to control the asphalt concrete production. Vendor testing may be waived at the discretion of the Engineer for small quantity orders.

The guidelines in Table 710-12 321-3A and 3B in MAG 321.10.2 shall be used to determine if the plant will require adjustment or stoppage. ~~If the Vendor’s test results indicate the mixture does not comply with Criteria A, an adjustment to the plant will be required which will bring the production closer to the middle of the specification bands.~~ The Vendor is responsible for determining the extent and the method of adjustment, and shall notify the Engineer’s representative in writing of what adjustments were made.

~~If the Vendor’s test results indicate the mixture does not comply with Criteria S, production shall cease immediately, and shall not resume (except as required to produce material for additional samples) until additional test results verify the adjustments will produce test results meeting Criteria A.~~

2.19 TAX:

Tax shall not be levied against labor. Sales/use tax will be determined by County. Tax will not be used in determining low price.

2.20 FUEL COST PRICE ADJUSTMENT:

2.20.1 This provision provides for limited increased or decreased costs of motor fuels (fuels) used to perform services under this Contract. This provision does not apply to burner fuel (i.e. propane, natural gas, fuel oil, used motor oil). It applies to motor fuel only. Fuel cost adjustments may be either positive or negative. A positive fuel cost adjustment will result in an increase in payments to Contractor while a negative fuel cost adjustment will result in a decrease in payments to Contractor.

2.20.2 This provision is intended to minimize risk to both parties to this Contract due to fuel cost fluctuations that may occur during the term of this Contract. This provision is not designed to estimate actual quantities of fuel used in providing services under this Contract, but to provide a reasonable basis for calculating a fuel cost adjustment based on average conditions.

2.20.3 Application of this provision will come into effect upon Contractor submittal of a fuel cost adjustment request. A request may be submitted only when the increased cost of fuel, established as a percentage of total contract price (base fuel cost) upon award of this Contract, exceeds ten (10%) percent of the base fuel cost. The Contractor may request a fuel surcharge no more than four (4) times annually, during the month(s) of March, June, September and December. The request must be submitted no later than the tenth (10th) of the month. Any surcharge shall be effective the first of the following month after receipt and approval. The date of County approval of a fuel cost adjustment request shall become the base date for any future Contractor adjustment requests.

2.20.4 Contractor shall include, as part of its price bid, the percentage of total contract price fuel represents (e.g., fuel cost equals 10% of Contractor cost) (see also, Attachment A, Vendor Information). This percentage will represent and establish the base fuel cost for this Contract. The base fuel cost shall be established as the due date for submission of proposals for this Contract. All subsequent fuel cost adjustments shall be based upon the

date the County approves a Contractor's request for fuel cost adjustment (e.g. fuel cost adjustment approved by County on January 1, 2006, January 1, 2006 becomes base date for any next Contractor request for adjustment).

2.20.5 Fuel Cost Application Requirement. The Contractor must provide documentation including type of motor fuel and fuel invoices with price of the fuel used in providing services under this Contract, from the month bids were due and the month of the cost adjustment request, with any fuel cost adjustment application. The fuel cost adjustment application must be completed with all applicable data, and signed by the Contractor. Any cost adjustment will be calculated by the County by using the bureau of Labor Statistics, Producer Price Index for Gasoline – WPU0571 and #2 Diesel Fuel – WPO57303 (<http://data.bls.gov/cgi-bin/surveymost?wp>).

2.20.6 The fuel surcharge shall be based on the current quarterly index of the West Coast (PADD5) Diesel (On-Highway)-All Types or Reformulated Areas Gasoline compared to the previous quarterly index period as reported on the Energy Information Administration (EIA) website: <http://www.eia.doe.gov/>

2.20.7 The computation of the fuel surcharge amount shall be determined as follows:

2.20.7.1 The fuel cost component from Attachment A (vendor information) of the Contract with Maricopa County, multiplied by the percent of change indicated by the EIA report from the previous index period.

2.20.7.2 Upon agreement by the County to the surcharge, the County shall issue written approval of the change prior to any adjusted invoicing submitted for payment.

2.20.7.3 The surcharge shall be added as a separate line item to the invoice.

2.21 STRATEGIC ALLIANCE for VOLUME EXPENDITURES (\$AVE)

The County is a member of the \$AVE cooperative purchasing group. \$AVE includes the State of Arizona, many Phoenix metropolitan area municipalities, and many K-12 unified school districts. Under the \$AVE Cooperative Purchasing Agreement, and with the concurrence of the successful Respondent under this solicitation, a member of \$AVE may access a contract resulting from a solicitation issued by the County. If you **do not** want to grant such access to a member of \$AVE, **please state so** in your proposal. In the absence of a statement to the contrary, the County will assume that you do wish to grant access to any contract that may result from this Request for Proposal.

2.22 INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENTS (ICPA's)

County currently holds ICPA's with numerous governmental entities throughout the State of Arizona. These agreements allow those entities, with the approval of the Contractor, to purchase their requirements under the terms and conditions of the County Contract. Please indicate on Attachment A, your acceptance or rejection regarding such participation of other governmental entities. Your response will not be considered as an evaluation factor in awarding a contract.

3.0 SPECIAL TERMS & CONDITIONS:

3.1 CONTRACT TERM:

This Invitation for Bid is for awarding a firm, fixed-price purchasing contract to cover a term of three (3) years.

3.2 OPTION TO RENEW:

The County may, at its option and with the approval of the Contractor, renew the term of this Contract up to a maximum of three (3) additional years, (or at the County's sole discretion, extend the contract on a month to month basis for a maximum of six (6) months after expiration). The Contractor shall be notified in writing by the Office of Procurement Services of the County's intention to renew the contract term at least thirty (30) calendar days prior to the expiration of the original contract term.

3.3 PRICE ADJUSTMENTS:

Any requests for reasonable price adjustments must be submitted sixty (60) days prior to the Contract annual anniversary date. Requests for adjustment in cost of labor and/or materials must be supported by appropriate documentation. If County agrees to the adjusted price terms, County shall issue written approval of the change. The reasonableness of the request will be determined by comparing the request with the Consumer Price Index or by performing a market survey.

3.4 INDEMNIFICATION:
