REAL ESTATE REZONING SERVICES

1.0 INTENT:

The intent of this Invitation for Bid is to establish contracts with qualified firms to assist the Maricopa County Department of Transportation (MCDOT) and the Flood Control District (District), and other County departments as required in the preparation and execution of plans of action to maximize the value of parcels of excess land. Subsequent to the execution of the plans, the parcels will be sold pursuant to Arizona Revised Statutes and procedural guidelines. Maricopa County intends to have all inclusive contracts, that include rezoning efforts, the ability to work through annexation guidelines, any engineering or technical studies required, surveying, and both appraisal and legal capability if necessary.

The County has a need to utilize its land and get maximum return on investment in the sale of excess land. This need involves land analysis and possible rezoning efforts. Several properties could be involved in any resultant contracts.

Other governmental entities under agreement with the County may have access to services provided hereunder (see also Sections 2.13 and 2.14, below).

The County reserves the right to add additional contractors, at the County's sole discretion, in cases where the currently listed contractors are of an insufficient number or skill-set to satisfy the County's needs or to ensure adequate competition on any project or task order work.

2.0 SCOPE OF SERVICES:

2.1 GENERAL REQUIREMENTS:

- 2.1.1 Determine the most cost effective process and "the highest and best use" for the properties while complying with County and/or City general plans.
- 2.1.2 Prepare concepts plans for development of these properties. The concept plan doesn't have to represent the final plan of development.
- 2.1.3 Prepare the necessary documents and applications for subdivision, rezoning and annexation in accordance with County and/or City guidelines if it's determined that property rezoning is necessary.
- 2.1.4 Meet with County and/or City staff for pre-development and preliminary plat submittals.
- 2.1.5 Submit applications to County and/or Cities for subdivision and rezoning processes.
- 2.1.6 Apply for annexation into City jurisdiction if cost beneficial, and provide appropriate timelines for annexation of the subject properties following completion of subdivision and rezoning process.
- 2.1.7 Provide written status reports to County staff and meet as needed with representatives from MCDOT, the District, and any other planning or zoning representatives from local municipalities.

2.2 QUALIFICATION REQUIREMENTS:

- 2.2.1 Contractor's firm must have at least ten (10) years' experience in rezoning, annexation and land analysis in large parcels (50+ acres) of real estate development as specified above in Section 2.1.
- 2.2.2 Contractors shall provide examples of projects that their firm has completed for development, whether residential or commercial, that involved entitlement and rezoning work.

2.2.3 Contractors shall state which planning and development municipalities their firm has worked with, including any photos of the master planned communities for those projects. Also please provide the end results of the entitlement and zoning work that was accomplished.

2.2.4 Contractors shall provide resumes of key staff members, especially any employees that have held municipal planning positions.

2.3 LOCATION OF PROPERTIES:

All properties are located within Maricopa County, Arizona and are owned by either MCDOT or the District.

- Floodplain regulations
- Drainage restrictions and on-site retention
- Other encumbrances as identified

2.5 REZONING:

Depending upon the land use analysis, the parcels could be rezoned from their existing zoning to a more intense zoning which could enhance MCDOT and the District's ability to dispose of the properties at their maximum value.

2.6 MCDOT AND DISTRICT GOALS:

The goal is to prepare properties for disposition in a way that will result in the highest sale price with the least amount of investment. The contractor will be provided a reasonable timeframe by Maricopa County in which to accomplish the tasks involved for each long term assignment.

2.7 TECHNICAL INFORMATION:

2.7.1 MCDOT and the District may be able to provide some technical information such as drainage, floodplain, traffic counts, etc., as it is available and as time allows.

2.7.2 MCDOT and the District will provide legal descriptions of the properties, and surveys if available

2.7.3 The Public Works Real Estate Division's Property Management Branch will provide support and/or attendance at any hearings, public meetings or other forums appropriate to answer questions and substantiate the Contractor's mission for the County.
