EXHIBIT B – SCOPE OF WORK

The Contractor shall provide decedent body transport services from the location of the decedent to the Office of the Medical Examiner. The recovery of the decedent will take place in a timely fashion (ability to respond within one hour of contact on 80% of cases). The response timing begins when the Medical Examiner's Office Staff makes phone contact with the transport agency or submits a request for service through an online dispatching program.

The transport agency personnel will not interfere with the investigative process. They will not have any direct involvement with any investigation and will not hamper the work performed by Medical Examiner Death Investigators or any other agency. When arriving on death scenes they will report to the investigator on scene to obtain clarification on which areas have been processed, any limitations for access and what assistance is needed. If an investigator has not arrived on the scene prior to the IC, they shall wait in their vehicle until the Medical Examiner investigator arrives at scene. The transport service would be required to use proper chain of custody protocols approved in advance by the Office of the Medical Examiner.

The Contractor's transport service would have to be available 24 hours per day, 7 days a week including weekends and holidays. The Contractor shall provide a contact person and telephone number that allow calls to be received and promptly responded to 24 hours per day, 7 days a week including weekends and holidays. Online dispatching is preferred.

The Contractor will be required to respond to simultaneous multiple service requests. The Contractor shall provide the Office of the Medical Examiner with written confirmation of its ability to respond to simultaneous multiple service requests using its own personnel and equipment.

The transport agency will provide the appropriate number of employees for the removal of body/bodies. The Contractor shall determine the number of personnel required to provide the necessary services for each pickup and shall obtain information from the Medical Examiner's staff that is necessary to make this determination. All personnel shall be qualified and trained to provide the required services.

The Contractor shall provide all supplies and equipment required to perform the services as described in this agreement. This includes but is not limited to: cadaver vans/vehicles, gurneys, and personal protective equipment. Equipment shall be kept in good repair and ready to be used for its designated purpose. The vehicles used for the transport of human remains must be in such a condition as are appropriate for these services. GPS tracking and vehicle monitoring is preferred.

During transportation, transport service employees will never leave a body unattended. Bodies will be transported to the Medical Examiner's Office as soon as possible. The transport agency will not respond to non-OME call(s) between the pick-up and admission of decedents to the Medical Examiner's Office. The Contractor shall make notification to the admitting staff at the Office of the Medical Examiner prior to arrival at the office with a decedent. This notification will be made by phone 5-10 minutes before arrival. The transport agency will transport the decedent to the Office of the Medical Examiner where they will meet with a member of the admitting staff. The Contractor shall provide all forms and documents to the admitting staff at the time the body is transported into the office.

The Contractor must handle all human remains with respect and dignity. The Contractor shall follow Universal Precautions; they must provide staff with training in compliance with OSHA Blood Borne Pathogen Standards and shall maintain the security and integrity of the decedent and the body pouch it is transported.

The Medical Examiner shall provide the Contractor with body bags/pouches. All body bags shall be sealed with a uniquely numbered security seal. The seal number shall be recorded on the chain of custody form to ensure the correct identity of the deceased is maintained. In cases where the Contractor is required to utilize their own body bag/pouch the Contractor will request a bag exchange at the time the decedent is admitted to the Office of the Medical Examiner.

Contractor personnel must have a valid AZ driver's-license and carry insurance that complies with the Maricopa County insurance requirements. Employees of the Contractor must be able to pass a County Background Check. Contractor employees must represent the County, the Office of the Medical Examiner,

and the Contractor in a professional manner. Contractor employees must adhere to the Medical Examiner's Office non-disclosure and confidentiality guidelines. (Contractor will not discuss any decedent or any Medical Examiner case information with anyone). Employees of the Contractor should have a uniformed appearance that clearly designates the employer and distinguishes them separately from the Medical Examiners staff.

Special Points of Emphasis:

-Contractor shall never leave a decedent unattended and agrees to not respond to non-OME calls while having an OME case in the transport vehicle.

-Contractor agrees to provide current employee lists and employment verification documents prior to new employees responding to OME calls.

-Contractor agrees to conduct correspondence with the Chief Medicolegal Death Investigator at least quarterly for the purpose of feedback and review.
