Alltel's Equipment

Features on Kyocera KR1 Mobile Router:

The KR1 Mobile Router allows you to create a wireless broadband network virtually anywhere. It uses 1xEV-DO as its WAN backhaul and functions like an access point supporting multiple computers and devices with high-speed wireless data services. All you need is a 1xEV-DO card or phone*. The KR1 Mobile Router is especially useful for mobile work groups such as dispatch teams, consultants, road-warrior sales groups, satellite offices, command posts, and more. It can also be used as a reliable alternative for fixed broadband services in your home.

- Broadband connectivity and universal compatibility with a 1xEV-DO PC card or phone with tethered data capability enables you to set up a WiFi hotspot virtually anywhere*.
- Multiple users can share high-speed connections with
- rates up to 2.4 Mbps (typical download speed of 400-700 Kbps).
- Browser-based configuration and easy set-up wizard.
- Smooth migration to future 1xEV-DO releases.
- Price of KR1 Router is \$229.00

Alltel's Equipment

Features on Kyocera KR1 Mobile Router:

The KR1 Mobile Router allows you to create a wireless broadband network virtually anywhere. It uses 1xEV-DO as its WAN backhaul and functions like an access point supporting multiple computers and devices with high-speed wireless data services. All you need is a 1xEV-DO card or phone*. The KR1 Mobile Router is especially useful for mobile work groups such as dispatch teams, consultants, road-warrior sales groups, satellite offices, command posts, and more. It can also be used as a reliable alternative for fixed broadband services in your home.

- Broadband connectivity and universal compatibility with a 1xEV-DO PC card or phone with tethered data capability enables you to set up a WiFi hotspot virtually anywhere*.
- Multiple users can share high-speed connections with
- rates up to 2.4 Mbps (typical download speed of 400-700 Kbps).
- Browser-based configuration and easy set-up wizard.
- Smooth migration to future 1xEV-DO releases.
- Price of KR1 Router is \$179.00
