RE: Amendments to the Maricopa County Procurement Code

In compliance with the Procurement Code Amendment Process, the Office of Procurement Services intends to submit to the Board of Supervisors for consideration amendments to the Maricopa County Procurement Code. The proposed amendments incorporate statutory changes contained in HB 2599 which was approved by the legislature during their last session.

In addition to a redline version of the Procurement Code showing the proposed changes, a summary document is also included to provide as a means to quickly identify specific changes. Interested persons and stakeholders are invited to provide written comments to the Office of Procurement Services regarding the proposed amendments within fourteen (14) days.
