

Defeat the Heat!

Public Health Needs Your Help Surveying the Community for Heat Readiness

Volunteers needed!

During the week of March 25–28, 2015 the Maricopa County Department of Public Health will be in communities throughout Maricopa County surveying select households about their experience(s) with extreme heat and other disasters.

Gain Public Health experience and help our community at the same time by going door-to-door and surveying local neighborhoods about their disaster readiness.
