Detailed code revision language will be presented and reviewed, and any stakeholder input will be addressed.

Case #/Title: ES-2013-008/Manual Warewashing Sink Compartment Requirements

Overview: Revisions to MCEHC Chapter VIII

This proposed revision would eliminate the existing inconsistency between the MCEHC and the U.S. Food and Drug Administration (FDA) 2009 Food Code previously adopted by reference concerning manual warewashing sink compartment requirements at permitted food establishments. The MCEHC would be revised to remove the outdated allowance for a one compartment sink that was in place prior to adoption of the FDA 2009 Food Code. No fee changes are requested. Detailed information about this proposed revision is available at: <http://www.maricopa.gov/regulations/es/pdf/meetings/102813bohsr.pdf#page=26>.
