Dear Mr. Watkins,

Please accept this email as our support for the renewal of Special Use Permit Case #:Z2020011 for the Eagletail Airstrip. We have owned property within this development for almost 30 years and know that this infrastructure provides a positive economic impact to the area by reducing search and rescue costs (a prior use for staging and logistics) and valuable support to our local agricultural community as a base of operations for crop dusting services. This runway and its use are supported by the adjacent landowners as was originally intended and also can be part of the long-term planning for western Maricopa County to relieve air traffic at facilities further east toward Phoenix. This airstrip is appropriately located and a valuable asset to the community and the State.

We regret we cannot attend your meeting(s) in person, but know that social distancing is the appropriate action at this time. Please include our comments to the members of the Planning & Zoning Commission and the Board of Supervisors at their meetings in July and August. Thank you for your consideration of our support.

Sincerely,

Andrew and Julia Faville Family
