My name is Linda Abegg and I am the Vice Chair of the Laveen Village Planning Committee. As Laveen residents, we are working hard to maintain our scenic corridors. As a VPC, we will be doing everything we can to restrict billboard use in scenic corridors and to minimize their impact. I am opposed to this case and would ask that the Commission please respect the views of the residents and the Laveen Village Planning Committee.

I attended the community meeting with the LCRD and LPC and support their requested stipulations.

Thank you,
Linda Abegg
