Approved Minutes of the Maricopa HOME Consortium Public Meeting
February 17, 2022   9:30 am

Plans across the country. The PJ may establish reasonable preferences among the qualifying populations (QPs) in order to prioritize applicants for HOME-ARP projects. In HOME-ARP rental housing and non-congregate shelter, PJs may limit eligibility to a specific subpopulation of the QPs or limit admission to persons needing specialized supportive services. In HOME-ARP TBRA, PJs can also establish a preference for persons with special needs or persons with disabilities among HOME-ARP QPs. Regina explained that preferences were intended to refer to the four QPs. With this new interpretation, the County adjusted the draft plan to include all QPs as possible preferences that will be determined on a project-by-project basis. Regina stated that the County is submitting an AAQ to clarify whether seniors qualify as a subpopulation. She also notified the members that HUD intends to conduct a webinar on preferences.

Rachel asked the members for any additional questions. Rachel also notified members that the County HUD Representative, Stephanie Knox, will be joining the Consortium Meetings on a quarterly basis starting with next month’s meeting.
