The Arizona State Constitution and Revised Statutes mandate Maricopa County's functions. Constitutional and judicial departments are independently overseen by elected/appointed officials. The Board of Supervisors sets the expenditure authority for each of these departments through the annual budget process. Constitutional and judicial officials are pictured to the right.

Maricopa County is a political subdivision of Arizona’s State government. The County is governed by a board of five elected district Supervisors which appoints a County Manager. Supervisors are elected to four-year terms.

Budget Philosophy - Maricopa County develops and maintains a structurally balanced budget, which means that recurring revenues meet or exceed recurring expenses over the economic cycle. Therefore, the County does not use one-time resources to fund on-going operations.

Budget Guidelines - Each year the Board of Supervisors establishes budget guidelines to provide direction to the Constitutional Officers, County Manager, Budget Office, and departments. This year the guidelines included: Maintain the current property tax rate, and adequate reserves must be set aside.

Strategic Priorities - The County has established a set of strategic priorities and goals that influence how resources are allocated in the budget. Budgeted expenditures must contribute to: Fiscal Strength and Responsibility, Safe Communities, Growth and Economic Development, Regional Services, or Government Operations.

The 2020 budget runs from July 1, 2019 to June 30, 2020

Economic Influences

Economic factors have an influence on the budget by affecting revenue growth, service demands, and commodity prices. Population growth is the primary economic influence that the Budget Office considers when creating the budget. Growth in the population causes higher service demands across departments and growth in the tax base. Maricopa County has been the fastest growing county in the nation for three consecutive years. The population has also more than doubled from 2,130,400 in 1990 to 4,410,824 in 2018.

“This fiscally responsible and sustainable budget keeps the tax rate steady for our residents while investing in the kinds of technology and infrastructure that works to serve citizens better. These investments include strengthening public safety, improving the voter experience, preserving and enhancing our open space, and utilizing technology and process improvement to save money and make our county government more efficient while providing better service.”

Chairman Bill Gates

No Increase in Property Tax Rate
As an effective steward of your tax dollars, County controlled property tax rates will be kept the same as last year. Maricopa County’s tax levy is well below the maximum amount set in statute.

$1.36 Billion for Public Safety
Public safety is the largest component of Maricopa County’s budget, making up 53%. This funding supports crime prevention, investigations, courts, and jail operations.

$300.1 Million for Capital Improvement Projects
This includes construction projects such as Superior Court renovations, a jail intake facility, a new Sheriff substation in Avondale, transportation projects, and improvements to the County’s parks.

$5.0 Million Reserved for Elections Equipment Updates
Along with reforming how the County will manage elections, the budget also reserves funding for updated elections equipment, which will increase the speed with which votes can be counted.

$10.8 Million for a Sheriff’s Office Helicopter
The purchase of a Bell 429 helicopter promotes safe communities by optimizing the Sheriff’s Office’s ability to perform search and rescues, law enforcement patrols, and SWAT operations.

$1.5 Million for Animal Care Operations
Maricopa County runs two animal shelters in South Phoenix and Mesa. This continuing investment allows for Maricopa County Animal Care & Control to maintain a 95% save rate for its animals.

$1.5 Million for Technology Improvements
This investment in technology improvements allows for Maricopa County to remain a leader in innovation and supports the Strategic Initiative of becoming an all digital County by 2022.

Funding for a Homeless Coordinator Position
This budget funds a permanent full-time coordinator to support regional solutions to homelessness through the Human Services Department.

Per the budget guidelines, there was no increase to the property tax rate. Maricopa County's primary property tax rate will remain flat at $1.4009 for fourth consecutive year. This will yield a levy of $605,109,318, against the maximum allowable amount of $745,620,462.

Responsible Taxation

State statute limits the amount of money that the County can levy in a year. As can be seen in the graph to the right, Maricopa County continues to provide relief to taxpayers by staying $140.5 million UNDER the maximum allowable tax levy.

Maricopa County's primary property taxes comprise only 11.43% of the property taxes levied within the County.

What is a tax levy?

A tax levy refers to the total amount of tax revenue collected, rather than the rate at which people are taxed.
