FOR IMMEDIATE RELEASE

Assessor Keith Russell Announces New Website Services

Effective Tuesday, July 15, 2008, the Maricopa County Assessor's Website will be updated to include Mobile Home information for our taxpayers.

New services will include the ability to search manufactured housing property assessment records, a calendar of important events, answer frequently asked questions; provide Personal Property forms and general information including important internet links relating to manufactured housing.

Citizens will have to ability to search for information three different ways; personal property roll/account number, owner name and/or by property location.

"It has been our mission to reach out to all the taxpayers of Maricopa County since I took office in 2004", said Russell. "Residents who own mobile homes will now have more information at their disposal when they visit our website."

The Website Enhancement Project Team has worked diligently to provide tools for the public to search manufactured housing information and improve services provided to the citizens of Maricopa County.
