Fax: 602-506-4601

The Flood Control District of Maricopa County (FCD) is conducting some trail improvements along the Arizona Canal Diversion Channel (ACDC) between 51st Avenue and 24th Street starting Monday June 4th, 2018.

FCD Operations and Maintenance crews will be improving areas along the multi-use path that parallels the ACDC. Temporary restrictions to the paths may be needed to complete these improvements. Once improvement construction is complete the multi-use paths will be available for use again.

Any questions or concerns can be directed to Erik Arntz, Work Control Center Inspection Supervisor 602-506-1252 or Patrick Schafer, Project Manager 602-506-2206.
