

Maricopa County Air Quality Department **Business Assistance Office**

SERVICES OFFERED

Program offers information and technical assistance to permit holders.

Education and Training

Meetings, presentations, and training materials are available upon request. Industry-specific help sheets, recordkeeping templates, and training videos are regularly being developed and updated.

Courtesy Site Visits

A courtesy site visit is an opportunity to identify potential areas of noncompliance without conducting a compliance inspection. No violations are issued; rather, businesses are urged to make corrections or adjustments to their practices to achieve compliance.

Enforcement Case Review

An independent and objective review may be requested for any violation issued. A recommendation will be made to the department to affirm, modify, or rescind the violation. Requests for review must be submitted in writing.
