Accessing the Public Dust Permit Database

How to Search the Online Dust Portal

Maricopa County Air Quality Department

June 2020

Accessing the Public Dust Permit Database

Begin by accessing the [Online Dust Portal](#). After reviewing the disclaimer, select **Agree**.

Maricopa County Air Quality Department Public Online Portal Disclaimer:

Improper or incorrect use of this tool may cause unexpected or inaccurate results. Although every attempt is made to ensure that the information contained in the database is accurate, the Maricopa County Air Quality Department (MCAQD) is not responsible for any loss, consequence, or damage resulting directly or indirectly from reliance on the accuracy, reliability, or timeliness of the information that is contained in this database. Users assume the entire risk of using the data contained in IMPACT. MCAQD is providing this data "as is;" and no warranty expressed or implied is made, including (without limitation) any implied warranties of merchantability or fitness for a particular purpose. In no event will MCAQD be liable to any user or third party for any direct, indirect, incidental, consequential, special, or exemplary damages or lost profit resulting from any use or misuse of this data.

Next, select **Dust Control**.

About

Home >

Welcome to the Maricopa County Air Quality Departments online portal for dust permit applications. You can use this system to access public dust permit information without being required to create an account, complete paperless applications, submit payment information, modify applications, update contact information, revise the project acreage and site map, track inspections and enforcement actions and more.

To begin a new dust permit application create an account or login to an existing account in the upper right-hand corner of this page. Once you have logged into the portal, select "Dust Control" from the right-hand side navigation bar, then select "My Dust Control Applications", then select "New Application" under the Draft Dust Applications section. A pop-up screen will come up and you can begin the application process.

Note that an online payment and submittal does not guarantee the automatic issuance of a permit, as the application is subject to a review and approval process.

 [Home](#) | [Dust Control](#) | [Login](#) | [Register](#)

Now you will be on the Dust Application Search page. From here, you will be able to search for submitted dust control permits by using the provided search criteria. If you do not know all of the information, you can use the % or * sign in front or behind the known information to expand the search. See examples below each search box. Select **Submit** to proceed.
