MILITARY COMPATIBILITY PERMIT PROCESS PROCESS FLOW CHART & PROJECTED TIMEFRAME

Approximate timeframe to Board of Supervisors hearing is 5 ½ months assumes only 2 review cycles and two weeks resubmittals.

PRE-APPLICATION MEETING

A pre-application meeting is required for all cases. Discussion will include whether a *Use Compatibility and Consistency Determination (UCCD)* is necessary prior to application for a Military Compatibility Permit, and the nature of the proposed use in relation to military facility operations. Other discussion items may include requirements, public participation plan, county and municipal land use plans, zoning patterns and trends, and similar topics. The pre-application meeting will include other County agencies such as Transportation, Drainage Review, Flood Control and Environmental Services. If a UCCD is necessary prior to application for a Military Compatibility Permit, a subsequent pre-application meeting prior to submittal of the Military Compatibility Permit application is not necessary.

After the meeting and after consulting with staff, and once the UCCD has been obtained or is deemed unnecessary, the owner or owner's authorized agent may file the Military Compatibility Permit application and begin implementing the Public Participation Plan.

FILING AN APPLICATION

To submit an application, the following information is required:

- Use Compatibility Consistency Determination (UCCD), if deemed necessary.
- Pre-application meeting form.
- Verification of ownership of the site, such as a recorded deed.
- Application and fees for Planning, Drainage Review, Environmental Services, and Transportation.
- Photographs of the site and adjacent properties.
- Precise Plan of Development (also known as a site plan), if applicable. A Preliminary Plat shall substitute, if applicable.
- Narrative Report, describing the request, justification for the request, property and area

conditions, potential impacts, proposed improvements, services, utilities, etc.

- Other information such as building elevations and details, floor plans, sign details, landscape plans, architectural renderings, a drainage report and/or a traffic impact study.
- Public Participation Plan, describing the parties contacted by the owner or owner's authorized agent, how information about the application is disseminated, how inquiries are handled, schedule of completion, etc.

TECHNICAL ADVISORY COMMITTEE REVIEW

The Technical Advisory Committee (TAC) is composed of representatives of the County's Planning, Transportation, Drainage Review, Flood Control and Environmental Services departments. Other comments may be supplied by representatives from other County departments, fire district, school district, City or Town, homeowner's association, or other interested parties.

After a complete application is submitted and accepted by the Planning Department, staff will forward copies of the application to members of the TAC. Staff will then schedule the request for review by the TAC and notify the owner or owner's authorized agent of the date and time.

Staff will provide the owner or owner's authorized agent with written comments from any reviewing agency unable to attend the meeting.

POST-TAC REVIEW

Depending on the comments received at the TAC, the application materials (such as the Site Plan or Narrative) may need revisions. The owner or owner's authorized agent must submit revised materials, reflecting the TAC comments, to the Planning and Development Department, which will forward the revised materials to the appropriate agencies. Once they are satisfied that the technical requirements have been met (more than one re-submittal may be necessary) and the Public Participation Plan has been satisfactorily completed (see Public Review Process), the request will be scheduled for public hearing by the Planning and Zoning Commission. Staff will also conduct the 300' mailing, legal ad as well as prepare

a staff report. The owner or owner's authorized agent will be required to post the site. Please note that compliance with comments from the TAC does not guarantee that the application will be supported or recommended for approval by staff. Staff will provide written and verbal recommendations to the Planning and Zoning Commission.

PLANNING AND ZONING COMMISSION

The Planning and Zoning Commission will hold a public hearing for all interested persons wishing to comment on the Military Compatibility Permit. The owner or owner's authorized agent must attend this meeting, and will be asked to comment on the application, the staff report and/or any comments that are made during the public hearing. The Planning and Zoning Commission will make a recommendation to the Board of Supervisors for approval or denial of the request. Their recommendation may or may not concur with staff's recommendation.

BOARD OF SUPERVISORS

The Military Compatibility Permit request will again be legally advertised prior to a public hearing before the Maricopa County Board of Supervisors. The Board of Supervisors will ultimately vote to approve or deny the request. Their action may or may not concur with the recommendation made by staff or the Planning and Zoning Commission.

POST-BOARD OF SUPERVISORS ACTIVITY

Once approved by the Board of Supervisors, the Military Compatibility Permit becomes effective 31 days after Board action and when any required conditions are met. A separate application and approval for a Plan of Development will be required prior to any physical development if the Plan of Development was not submitted and approved concurrent with the Military Compatibility Permit. The owner or owner's authorized agent may then apply for a Zoning Clearance and Building Permit as long as the property is in compliance with the Maricopa County Zoning Ordinance.

PUBLIC REVIEW PROCESS GUIDELINES

Purpose

Pursuant to State Law, the Maricopa County Board of Supervisors adopted a Public Review Process for Zone Changes, Special Use Permits, and Military Compatibility Permits (Section 305 of the Maricopa County Zoning Ordinance). There are three (3) basic purposes for a Public Review Process:

- Notifying the public of the rezoning *application* and not just the public hearing.
- Informing the public of the substance of the application.
- Providing the public an opportunity to express issues or concerns prior to any public hearing regarding the application.

Public participation is an important component of successful planning. The public need and deserve ongoing communication regarding projects and issues that affect their communities. Through the Public Review Process, Maricopa County demonstrates its commitment to ensuring that the owner or authorized agent pursue early and meaningful input in applications for Zone Changes, Special Use Permits, and Military Compatibility Permits. Such participation will help the owner or authorized agent resolve concerns early in the process, and promote goodwill between the owner or authorized agent, County officials, citizens, property owners, and other stakeholders. While the Public Review Process may not produce complete consensus regarding specific applications, it will encourage the owner or authorized agent to make sound investment and planning decisions by listening to and, where feasible, addressing the concerns of their neighbors.

Process

The Public Review Process has five (5) requirements that are discussed below:

1. Requirement for a Pre-Application Meeting
2. Requirement to develop a Public Participation Plan
3. Requirement to notice adjacent property owners upon application
4. Requirement to post properties upon application
5. Requirement to complete a Public Participation Results Report

1. Requirement for a Pre-application Meeting / Pre-application Meeting Form

Prior to submitting a formal application, the owner or authorized agent is required to participate in a pre-application meeting with Planning and Development Department staff. Pre-application meetings allow the owner or authorized agent to become familiar with the planning process, and also enable the owner or authorized agent to obtain guidance with the requirements of the Public Review Process. At the pre-application meeting, the *Public Participation Plan* will be discussed between staff and the owner or authorized agent

At the pre-application meeting, staff will provide the owner or authorized agent with a copy of the *pre-application meeting form*. This form is used to verify that the pre-application meeting has occurred. **Please do not discard or misplace this form – it is a required submittal with your application.**

2. Requirement to develop a Public Participation Plan

The Public Participation Plan discusses the extent and procedure the owner or authorized agent will take to complete the Public Review Process. Staff and the owner or authorized agent will discuss the extent of the Public Participation Plan at the pre-application meeting. At a minimum, the following information should be submitted as a part of the Public Participation Plan, using the headings and format shown below:

Title Page

- Include the project name, general location and vicinity map

Parties Affected by Application

- Discuss which residents; property owners, interested parties, political jurisdictions and public agencies may be affected by the application.

Notification and Information Procedures

- Discuss how those interested in and potentially affected by an application will be notified that an application has been made.
- Discuss how those interested and potentially affected parties will be informed of the substance of the change, amendment, or development proposed by the application.

Response Procedures

- Describe how those affected or otherwise interested will be provided an opportunity to discuss the proposal with the owner or authorized agent and express any concerns, issues or problems they may have with the proposal in advance of the public hearing.

Schedule for Completion

- Describe the schedule for completion of the Public Participation Plan.

Status Procedure

- Describe how the owner or authorized agent will keep the Planning and Zoning Division informed on the status of their public participation efforts.

The level of public interest and area involvement will vary depending on the nature of the application and the location of the site. The target area for early notification will be determined through a coordinated effort of the owner or authorized agent and staff. The Planning Director shall resolve any disputes that may arise while arriving at the target area. At a minimum, the target area of the *Public Participation Plan* shall include the following:

- a) real property owners within 300' of the proposed Military Compatibility Permit, Zone Change or Special Use Permit request;
- b) the head of any homeowners association within 300' of the proposed Military Compatibility Permit, Zone Change or Special Use Permit request;
- c) other potentially affected citizens in the target area who have requested that they be placed on the routing list maintained by the Planning Department.

The owner or authorized agent may submit the *Public Participation Plan* for review as early as the pre-application meeting, but must submit it with the formal application.

3. Requirement to Notice Adjacent Property Owners Upon Application, and
4. Requirement to Post Properties Upon Application

The owner or authorized agent shall send notice (see example notification letter) by first class mail to each real property owner as shown on the last assessment of the property within 300' of the proposed amendment or change. The notice by mail shall include, at a minimum, description of the area of the proposed Zone Changes, Special Use Permits, and Military Compatibility Permits, a general explanation of the nature of the proposal, the name of the owner or authorized agent, and contact information for the owner or authorized agent.

The owner or authorized agent shall also post the property (see example in "Sign Specifications") included in the proposed change. The posting shall be in no less than two places with at least one notice for each quarter mile of frontage along perimeter right-of-way so that the notices are visible from the nearest public right-of-way. The postings shall remain in place for the entire application period. Each notice shall be a minimum of six square feet in area unless combined with the public hearing notices. The posting shall include, at a minimum, a brief description of the area of the proposed Zone Changes, Special Use Permit, and Military Compatibility Permit, a general explanation of the nature of the proposal, the name of the owner or authorized agent, and contact information for the owner or authorized agent. **A copy of the notice as well as a signed and notarized "Affidavit for the Public Review Process" along with photographic evidence demonstrating proof of posting and a map illustrating posting sites shall be submitted to staff within 30 days of application submittal.**

5. Requirement to Complete a Public Participation Results Report

Upon completion of the Public Review Process, the owner or authorized agent must submit an official report on the results. At a minimum, the following information should be submitted as a part of the Public Participation Results Report, using the headings and format shown below:

Title Page

- Include the project name, general location and vicinity map.

Details and Techniques Used To Involve the Public

- Include all dates and locations of any and all meetings where citizens were invited to discuss the owner's or authorized agent's proposal.
- Provide the content, dates mailed, and number of mailings, including letters, meeting notices, newsletters and other publications.
- Indicate the location of residents, property owners, and interested parties receiving notices, newsletters or other written materials.
- Indicate the number of people that participated in the process.

Summary of Concerns, Issues and Problems

- Describe the substance of concerns, issues, and problems.
- Describe how the owner or authorized agent has addressed or intends to address perceived or real concerns, issues, and problems expressed during the process
- Describe perceived or real concerns, issues and problems with which the owner or authorized agent disagrees, which the owner or authorized agent cannot address, or which the owner or authorized agent chooses not to address, including an explanation of the owner's or authorized agent's reasoning.

The Public Participation Results Report must be submitted and approved prior to scheduling the case for public hearing with the Planning and Zoning Commission and County Board of Supervisors.

SITE POSTING REQUIREMENTS

1. *Arizona State Statutes* requires that the site posting for public hearings in the unincorporated county “be no less than two (2) places with at least one notice for each quarter mile of frontage along perimeter rights-of-way so that the notices are visible from the nearest public right-of-way.” The owner or authorized agent can request a map designating the location of posting sites from the assigned planner.
2. The signs must be posted prior to the due date for submitting a signed and notarized Affidavit of Public Hearing Posting and photographs of the posting. However, the owner or authorized agent can combine the Public Review Process posting and Public Hearing posting requirements (in the this scenario, the signs would be posted at the beginning of the application process and updated with the public hearing dates). The CRP affidavit would be submitted within 30 days of application and the Public Hearing affidavit would be submitted prior to scheduling the case for a P&Z hearing.
3. The signs must be maintained and updated with amended information until after the Board of Supervisor’s hearing.
4. The signs must be removed and disposed of within 10 days after the Board of Supervisor’s hearing.
5. You may use a sign vendor of your choice.
6. A signed and notarized “Affidavit of Public Hearing Posting” as well as photographs of the posting and a map illustrating the posting sites must be filed with the Maricopa County Planning and Zoning Division by the applicable date indicated on the Filing Deadlines and Hearing Dates table. Failure to provide such documentation in a timely manner will result in the case not being scheduled for a Planning and Zoning Commission (P & Z) hearing.
7. See “Sign Specifications” for specific sign details.

SIGN SPECIFICATIONS
(The example shown below is for a combined
Public Review Process & Public Hearing posting)

Planning & Zoning Commission, ZIPPOR and Board of Supervisors to be held at 205 W. Jefferson Phoenix, AZ 85003 in the Board of Supervisors' Auditorium

DRAINAGE REVIEW REQUIREMENTS FOR PRECISE PLANS INCLUDING SPECIAL USE PERMITS AND MILITARY COMPATIBILITY PERMITS

A detailed drainage report with respect to hydrology and hydraulics in conjunction with grading, drainage and paving plans may need to be submitted. The final drainage plan needs to be signed and sealed by an Arizona Registered Professional Civil Engineer and should address the following:

1. **Offsite Hydrology** – Need to determine the quantity, the entrance and exit points, and how the flow is to be routed through the site.
2. **Onsite Hydrology** – Need to show how the flows are to be routed to retention basins.
3. **Onsite Retention** – Need to retain water for the 100-year, 2-hour storm for the site, including adjacent right of way. Determine volume needed and the size and location of basins.
4. **Retention Disposal** – Provide testing results in conformance with Standard 6.10 for disposal of total ponding volume within 36 hours.
5. **Onsite Hydraulic Calculations** – Need to show hydraulic analysis for any channels, culverts, storm drains, or street drainage.
6. **Cross Sections** – Need to show perpendicular cross-sections through the site indicating property lines, swales, retention areas, finished floors, and street details.
7. **Finished Floor Elevations** – Need to show finished floor elevation and certification note.
8. **Topography** – Need to show natural and proposed contour elevations or spot elevations.
9. **Dry Wells** – If applicable, need to submit a copy of the dry well registration before final drainage clearance of a permit.
10. **Floodplains** – Need to show the delineated floodplain boundaries if the site is within a Federal Emergency Management Agency's (FEMA) special flood hazard area. Will also need to apply for Floodplain Use Permit.
11. **Erosion Setbacks** – For washes and other watercourse channels an erosion setback will need to be determined, which meets Arizona State Standard 5-96.

Since complex drainage systems may require more detailed information, a meeting should be arranged with personnel from Drainage Review.
