

How to Clear Cache

If using Internet explorer

- While in your browser
- Hit CTL + Shift + Delete on your keyboard.
- You will see the following box depending on what browser you are using.
- Please ensure the top box is not checked and check all others
- Select Delete
- After a few seconds you will see a pop up on the bottom of screen;
- Close your browser;
- Log back into ADP;
- Select E-time Link again-
- You should see a dashboard.
- **Internet explorer**

Internet Explorer has finished deleting the selected browsing history.
