

Records and Equipment Inventory Request for Emergency Internal Combustion Engines

Facility Name:

Facility ID:

Address:

This equipment list applies to all Emergency Internal Combustion Engines.

Please provide all applicable records listed below. If not applicable to your site, please select N/A on the checklist.

Provided: Yes or N/A

- Picture or copy of the current AQ permit posted on-site.
- Log of monthly and 12-month rolling totals of run times, and explanation of use (maintenance, emergency, other).
- Sulfur content of fuel (i.e. fuel receipts, SDS, or testing).
- Picture of the current hours on the non-resettable run time meter.
- Picture of the engine(s) (not generator) name plate showing make/model and brake horsepower rating. Refer to unit manual for specifications or contact engine maintenance contractor for assistance if engine name plate not found.
- Records of all maintenance performed including oil/filter changes (or oil analysis), and inspections of air filters, hoses, and belts. Any maintenance or data required by 40 CFR 60 Subpart IIII, JJJJ or 40 CFR 63 Subpart ZZZZ if applicable.
- Records of odor complaints received since the last inspection.
- Records of any process upsets/malfunctions that would cause the release of hydrogen sulfide or other waste gases into the atmosphere.
- If the site is subject to a dust control plan, provide the daily self-inspection logs.
- Documentation of any additions, removals, or changes to the existing equipment.

Internal Combustion Equipment - Unit # _____	
Manufacturer:	_____
Model:	_____
Rated Brake Horsepower:	_____
Serial Number:	_____
Engine Location on-site:	_____
Engine Combustion Type:	_____
Time Frame of Records:	_____
