PHARMACY DIRECTORY

Participating pharmacies in the United States, Guam, Puerto Rico and the U.S. Virgin Islands

Together, all the way.

Offered by: Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company or their affiliates.
There are thousands of retail pharmacies in your network. They include retail chains, local pharmacies, grocery stores and wholesale warehouse stores – all places where you may already shop. And some stores are open 24 hours.

Choose the retail pharmacy that's most convenient for you.

This is a list of retail pharmacy chains that participate in Cigna's National Pharmacy Network. Pharmacies are listed alphabetically by state. In addition to the chains shown here, Cigna has contracted with a number of independent pharmacies in each state. This directory is updated regularly so it's important to know that this is not a complete list of the pharmacies in your plan's network. Log in to the myCigna® App or website and click on “Price a Medication,” or go to Cigna.com and click on “Find a Doctor, Dentist or Facility,” to find more pharmacies in your plan’s network.

Consider using Express Scripts Pharmacy®, our home delivery pharmacy. They help make things easy by putting everything at your fingertips.

Home delivery is a convenient option when you’re taking a medication on a regular basis to treat an ongoing health condition.* With just a few simple clicks of your mobile phone, tablet or computer, your important medications will be on their way to your door (or location of your choice). To learn more about home delivery, go to Cigna.com/homedelivery. To get started using home delivery, go to my.cigna.com/choosedomedelivery.

* Not all plans offer home delivery and Accredo as a covered pharmacy option. Log in to the myCigna App or website, or check your plan materials, to learn more about the pharmacies in your plan's network.

** Standard shipping costs are included as part of your prescription plan.

Para obtener ayuda en español llame al número en su tarjeta de Cigna.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care provider, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copay, coinsurance or deductible requirements. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.
