Head Start Programs

Our high-quality early education program focuses on developing the social, emotional and learning skills that children need to be ready for kindergarten. We also offer connections to resources for family wellness that can include financial, food, housing and employment assistance.

- Children thrive in a supportive learning environment
- Home-based services are available for pregnant women and children ages birth to 3 years
- Nutritious meals and snacks are provided at no cost
- Inclusive programming benefits children with disabilities and developmental delays
- Health and developmental screenings provided at no cost
