soft wiggly body, seeks attention with jumping and holding using front legs. allowed all handling and vaccinations, walked to kennel

Eval date 10/08/2022

Eval type EVALUATION

Dog was shut outside for morning cleaning. At gate, retreated slightly when handler approached. Handler crouched and dog came forward with submissive body language, ears back, low wagging tail. Ate dropped hotdogs. Leaned into gate for petting, licked fingers. Fast tracking for adoption based on intake notes, age, and kennel presence.

Eval date 10/09/2022

Eval type WALK

Information for Animal ID # A4750811

Canine came forward in kennel with soft body; easy to leash, walked with some pull to yard. Canine was affiliative with handler, allowed petting all over; jumped on handler multiple times for attention but easy to push off. No issues moving to new kennel, tried to push out on kennel return.

Eval date 10/09/2022 Eval type OBSERVATION

Canine jumping and barking on door as handlers walk by.

Eval date 10/12/2022 Eval type EVALUATION

Eval done during meet and greet - Met canine at rear of kennel. Canine was in front half; Approached the back gate as I neared. Canine displayed a loose, wiggly body and wagging tail; Erect ears and almond eyes. Was able to crack gate and place slip with ease; Canine coming out of kennel freely with no reaction towards other dogs observed; Briefly jumped towards handler with same loose, wiggly body language. Walked with a mild pull out of wing and down hallway. Passed by a yard with another dog; Other dog began reacting vocally to her with no reaction from my dog observed. Was able to walk past yard with vocal dog without issue. On entering the meet and greet yard, canine immediately pulled towards the adult male and teenaged child in the yard. Canine was highly affiliative towards the two, allowing all handling and jumping up towards them to solicit further attention. Canine remained affiliative and seeking attention through the rest of the meet and greet. Mild pull on return from the greet; No reaction still to other dogs down the wing. Returned to kennel and dog attempted to push back out once. Was able to correct easily and rekennel without issue; No issue retrieving leash.

Eval date 10/14/2022 Eval type WALK

Went to get dog for M&G.

Eval date 10/15/2022 Eval type WALK
