Purpose: To verify all available data is reviewed and standardized processes are followed before an animal is euthanized.
Procedure: This form is to be completed by the medical team to verify and collect critical medical data.

CLINIC PROTOCOLS FOR IRREMIEDIABLY SUFFERING ANIMALS 11/04/22

Animals that are suffering and actively dying (e.g. agonal/comatose) may be euthanized immediately upon receiving approval from two veterinarians. Checklist to be completed following the procedure, with explanation.

Veterinarian 1: [REDACTED] DVM

Veterinarian 2: [REDACTED] DVM

Explanation: Highly likely CDV + (CDV Cq value 37.37) per UC Davis DVM.

Urgent Medical Issues: Confirm each item with (Y/N/NA) before proceeding: 11/04/22

Seizures: n Uncontrollable Pain: n Difficulty Breathing: n Active and/or Uncontrollable Hemorrhaging: n Lack of Deep Pain: n Other: Highly likely CDV +; HPTD to prevent suffering from highly contagious and possibly fatal disease.

Other Medical Considerations Confirm each item with (Y/N/NA) before proceeding: 11/04/22

Needing intervention and rehab consideration, long term care: y

Established Prognosis: y

Have time and resources to treat: n

Have room and resources for follow up care: n

Dog is candidate for foster: n

Rescue or NH will take once stable: na

Outside funding Available: Details: na

Any evaluations, assessments, or staff observations will print below.

Eval date 08/06/2022 Eval type OBSERVATION

dog was found roaming the street, approached handler, soft body, allowed slow approach and petting, placed leash however flailed once pressure was placed. carried into truck, allowed scanning and aging without issues.8

Eval date 08/06/2022 Eval type INTAKE ASSESSMENT

carried to ramp, does not walk on leash, allowed all petting and handling, allowed all vaccines with light restraint, moved to kennel in cart

Eval date 08/14/2022 Eval type EVALUATION

Meet and Greet

Dog was nervous, tail tucked but came forward to greet handler. slight wagging tail, handler engaged with some pets and gain trust before leashing, once leash, dog pulled away quickly, handler opened kennel door, dog came out of kennel low and slow to ground. Handler tried to comfort dog with soft coaxing and pets, continued walking to yard. Dog was exploring yard before finally engaging with adopters, became soft and wiggly once given some time. Dog did great with older child (12+), walk back to kennel was similar to exit, no issues.

Eval date 08/26/2022 Eval type WALK

I went for a walk today.

Eval date 09/05/2022 Eval type WALK

Information for Animal ID # A4768165

PER VOLUNTEER

soft and wiggly on approached but ran to outside. Tossed some hot dogs and dog came inside. Closed dog to inside of kennel. Had a combination personality of wanting attention but being nervous. Used hot dog to help leash. Exited kennel and walked to play yard with cowering body and low tail wags. Once in play yard Peter began to run around sniffing and coming over for attention. He would rest head in handlers lap or put two front feet on handlers lap for attention. Took treats gently. Walked back to kennel easily had to walk into kennel to get him to come in but he followed me right in. Removed leash and closed kennel without any struggle.

Eval date 09/20/2022 Eval type OBSERVATION

Had a team member help bring dog into bubble/intake room. Gave Provecta Advanced for Dogs by weight applied topically

Eval date 09/21/2022 Eval type OBSERVATION

handler was standing in building inputting notes, heard dog digging at bed, adding to extra enrichment

Eval date 09/25/2022 Eval type OBSERVATION

dog knows how to open guillotine door, even with some type of security to hold door still, dog is forcing it open and knocking the guillotine door track off of the front of kennel gate.

Eval date 10/02/2022 Eval type OBSERVATION

Barking at front of kennel, retreated to outside portion of kennel when handler approached, continued barking

Eval date 10/03/2022 Eval type OBSERVATION

soft body sniffed and lick handler.

Eval date 10/04/2022 Eval type OBSERVATION

Fecal smearing, in outside portion of kennel, wagging tail

Eval date 09/20/2022 Eval type WALK

I went on a walk today.

Eval date 10/05/2022 Eval type OBSERVATION

dog was in kennel sleeping.

Eval date 10/06/2022 Eval type OBSERVATION

Laying outside, chin resting on portal. Righted head when handler walked past kennel.

Eval date 09/13/2022 Eval type WALK

I went on a walk today.

Eval date 09/30/2022 Eval type WALK

I went on a walk today

Eval date 10/07/2022 Eval type OBSERVATION

Barking and growling; lunged up at the kennel door. Retreated and continually barked when handler approached.

Information for Animal ID # A4768165
