RE: Updated Pricing, Terms of Use and Contract Extension to:

Arizona Agreement No. AD040025-001
ESRI Agreement No. 2003MPA4087 ("MPA")

Dear Mr. Milford:

ESRI requests that the referenced agreement be extended one (1) year, from November 1, 2005 through October 31, 2006, as provided by the State of Arizona's terms and conditions.

In addition, the attached documents update the scope of use and product list for items procured through the MPA:

- Exhibit 1, Scope of Use, E300 9/05B
- ESRI MPA Pricelist, E405M 4/05

Also, the following changes are made to the General License Terms and Conditions (E200):

1. **Article 1, Section (a) Software.** "Service packs and sample code" are added to the definition of Software.
2. **Article 1, Section (b) Data.** "Reports" are added to the list of Data in this paragraph.
3. **Article 1 Definitions, paragraph (d).** This paragraph is deleted and replaced with the following:

"License Manager" means the nondestructive license management software program or hardware key, or similar copy protection mechanism, which controls the distribution of the licensed number of Software copies to requesting end user(s) of Licensee.

4. **Article 2—Intellectual Property Rights and Reservation of Ownership.** The first sentence of this Article is changed to read as follows:

"The Software, Data, and Documentation are owned by ESRI and its licensor(s) and are protected by United States laws and applicable international laws, treaties, and

conventions regarding intellectual property or proprietary rights, inclusive of trade secrets."

5. **Article 3—Grant of License.** The following new paragraph is added to this Article:

"3.5 Commercial Application Service Provider—Use of ESRI Software, Data, or Documentation in a commercial application service provider (ASP) business model is subject to execution of a written ASP license agreement and the payment of the appropriate additional license fees. For purposes of this License Agreement, a commercial ASP means a Licensee who uses ESRI Software, Data, or Documentation for a site or service, operates the site or the service for a profit, and generates revenue by charging for access to the site or service (by selling data, pay-per-view, subscription fee, or similar means)."

7. **Article 4, Section 4.1 Permitted Uses, 4 bulleted paragraph.** The following is added to the beginning of this paragraph:

"Excluding ESRI Business Information Systems (BIS) Data and unless there is a statement to the contrary in the metadata, Licensee may use, copy, reproduce, publish, publicly display, or redistribute map images derived from ESRI-branded Data in hard-copy or static, electronic formats (i.e., .gif, .tif, etc.) provided that Licensee affixes an attribution statement to the map images acknowledging ESRI or its licensors as the source of the portion(s) of such Data displayed, printed, or plotted. The ESRI-branded Data shall not be used separately from ESRI Software. Otherwise,"

8. **Article 4, Section 4.1 Permitted Uses.** The following new term is added to this Section:

"● Licensee may include ESRI BIS reports and other output in presentation packages or marketing studies for subsidiaries and customers where the value of the ESRI BIS report or other Data output is less than twenty percent (20%) of Licensee's total value of the presentation package or marketing study. Full, complete, stand-alone reports created from the ESRI BIS Software or Data cannot be resold without prior written permission of ESRI BIS. Licensee's third party customer may only receive reports and maps generated by Licensee and may only use the maps and reports received from Licensee for internal purposes."

9. **Article 4, Section 4.2 Uses Not Permitted.** The following new terms are added to this Section:

"● Licensee shall not redistribute the Software developer license authorization file(s).
● After a reasonable transition period for updating to the most current version of the Software, Licensee shall cease using all prior version(s) of the Software that Licensee has elected to update to the most current version(s) of the Software. When the transition to the most current version(s) of the Software is complete, the quantity of Software licenses in use by Licensee at any given time shall not exceed the total quantity licensed by ESRI in accordance with the licensed configuration on file with

ESRI Customer Service. With the exception of Server Software application licenses for which such licensed use is contemplated, Licensee shall not provide access to or allow affiliates or other third parties to use the Software, Data, or Documentation in a distributed computing environment. This restriction shall not apply to Section 3.4, Consultant Access.

- Licensee may not distribute or post Data, reports, or other output from ESRI BIS Software, Data, or services on the Internet without the express written consent of ESRI BIS."

10. Article 7—Limited Warranties and Disclaimers. The following new paragraph is added between Section 7.2 Data Disclaimer and Section 7.3 General Disclaimer.

"(c) The Software, Data, and Documentation are not fault-tolerant and are not designed, manufactured, or intended for use or resale for use in insurance underwriting or with critical health and safety or online control equipment in hazardous environments that require fail-safe performance, such as in the operation of nuclear facilities, aircraft navigation, or communication systems, air traffic control, emergency response, terrorism prevention or response, life support, or weapons systems ("High-Risk Activities"). ESRI SPECIFICALLY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR USE IN HIGH-RISK ACTIVITIES."

11. Article 7, Section 7.3 General Disclaimer. "Alpha, prerelease, restricted version and sample code" are added to the list of items provided "as is" under this Section.

12. Article 10, Subsection 10.1 Future Orders. The following sentence is added to the end of this section:

New Software, Data, and Documentation commercially released during the term of this Agreement may require additional terms.

13. ESRI Developer Network (EDN) Terms and Conditions. The attached EDN Terms and Conditions (E211B 5/05) are added to the Agreement. These terms are applicable only to the EDN products.

- Portfolio
 - Allocate (1 and 20)
 - Solocast (1 and 20)

1. "Single use license" means a license must be dedicated for each computer or network access point that has use rights for the Software, Data, or Documentation. Licensee may make a second copy for Licensee's exclusive use on a portable computer so long as only one (1) copy of the Software, Data, and Documentation is in use at any one time.
2. "Concurrent use license" means a license that permits execution of the Software on any computer on the network. The number of simultaneous/concurrent users may be controlled by a License Manager to access and use the Software, Data, or Documentation.
3. "Server license" means a license for (server-side) Software that (i) resides on a server computer and provides services to multiple users and/or client computers in a distributed computing environment, or (ii) resides on an individual desktop computer and provides services to that computer in conjunction with ArcGIS Desktop or other Server Software. For

example, an ArcSDE direct connection with an ArcGIS Desktop application, or an ArcSDE direct connection with ArcIMS or ArcGIS Server is a server license.

4. A "Stand-alone Deployment license " grants the right to Licensee to redistribute a stand-alone application to end users, provided the application is installed on each computer on which the application is run. The Stand-alone Deployment license requires payment of redistribution or deployment fees, except for MapObjects LT.
5. A "Server Deployment license" grants the right to Licensee to redistribute an application via a network, the Internet, or Intranet to end users of the application (also known as an "Internet Redistribution license"). The Server Deployment license does not require payment of additional deployment or redistribution fees, except for MapObjects—Java Edition.
6. Extensions to Software programs follow the same scope of use as that granted for the corresponding Software programs. For example, if Licensee orders Concurrent Use ArcInfo, then any associated extension is also licensed for concurrent use or if Licensee orders an ArcGIS Server extension, that extension is also licensed for use on a server.
7. MapObjects—Java Edition and "Server Software" licenses are licensed per Server/CPU. Each Server Software license may be installed on up to 2 CPUs in one server; licenses for additional CPUs are available. Server licenses include the rights to develop, test, and deploy applications to end users via a network, the Internet, or Intranet on or from the same licensed server, provided the source and object code are not accessible to users of the application and that Licensee does not generate revenue directly by charging for access to the site or service by selling data, pay-per-view, subscription fee, or similar means by utilization of the Software. Licensee shall not use any type of development or testing licenses, including those licenses installed in a staging server environment (Staging Server licenses) to deploy applications for production use by end users. The administration tools for ArcIMS, ArcSDE, ESRI Image Server, and MapObjects—Java Edition may be copied and redistributed throughout Licensee's organization. User developed ArcGIS Server administration tools may be copied throughout Licensee's organization, but the ArcCatalog application (found in the ArcGIS Desktop (ArcView, ArcEditor, or ArcInfo) may not be copied unless part of a licensed ArcGIS Desktop installation. The ArcIMS license includes the right to deploy MapObjects—Windows Edition applications on the Internet or Intranet. Licensee shall not develop client/server solutions with the ArcIMS Java Archive (JAR) files without a license for the MapObjects—Java Edition Developer Kit.
8. ESRI and its licensor(s) grant Licensee a nonexclusive, nontransferable, limited license to use, copy, and prepare derivative works by
 - (a) Translating "alroute.mld" (hereinafter "Dictionary") from the original text in the English language;
 - (b) Editing Geographic Data Technology (GDT) Data included within ArcLogistics Route; and
 - (c) Adding Data (owned by Licensee or others) to ArcLogistics Route Software.

The license grant is conditioned as follows:

- (a) The derivative works are for Licensee's internal use only;
- (b) ESRI and its licensor(s) retain all exclusive right, title, and interest in and benefits from the derivative works, except Data owned by Licensee or others; and
- (c) Licensee expressly waives and relinquishes any and all ownership including, but not limited to, copyright, moral rights, or any other statutory or common law claims to the derivative works, except for Data owned by Licensee or others.

Licensee shall not translate, modify, or edit in any way the software name "ArcLogistics Route," software logo, any third party software, any text other than the Dictionary, or any Data other than GDT's.

The amount of Data used by Licensee is limited by Data credits purchased. Additional license fees are required if ArcLogistics Route with Data is to be accessed by more than one (1) ArcLogistics Route license.

9. ArcPad SOFTWARE IS NOT LICENSED FOR NAVIGATIONAL USE.
10. This is a "Dual Use License," meaning the Software may be installed on a desktop computer and may be used simultaneously with either a Personal Digital Assistant (PDA) or handheld mobile computer provided that the Software is only used by a single individual at any one (1) time.
11. Licensee shall not redistribute or disclose the MapObjects developer license file (*.lic). Developers must attribute as follows: "Portions of this computer program are owned by LizardTech, Inc., and are Copyright © 1995–2002 LizardTech, Inc., and/or the University of California. All rights reserved. U.S. Patent No. 5,710,835."

12. Redistribution rights for standard or Internet application(s) may be subject to payment of additional license fees. Other restrictions notwithstanding, Licensee may redistribute commercial applications to its sublicensee(s) provided Licensee uses a written sublicense agreement that protects ESRI's rights in its Software, Data, and Documentation to the same extent as the ESRI License Agreement, and that includes the following terms, as a minimum:
 - (a) Sublicensee may not reverse engineer, decompile, or disassemble the ESRI Software, Data, or Documentation, except to the extent permitted by applicable law, copy for commercial use, transfer, or assign its rights under the license grant; and
 - (b) Sublicensee may not use any ESRI Software, Data, or Documentation, in whole or in part, separate from Licensee's executable application.
 - (c) Third party dependent or required components are redistributable subject to permission from the owner or author.
13. Subject to an annual renewal fee.
14. Licensee may use Business Objects Crystal Reports software only with the ESRI Software with which it was acquired and subject to the Crystal Reports Professional License Agreement available on the media. However, for use of Crystal Reports software with Concurrent Use ArcGIS Software licenses, Licensee may install and use a Crystal Reports license on any computer on the network on which the ArcGIS Desktop Concurrent Use Software is used, but it may only be used with the ESRI Software with which it was acquired, as previously noted. Licensee may not use a software program or system to cache or queue report requests.
15. The Redistribution Stand-alone (or Deployment) license is per application per computer. For MapObjects—Windows Edition, Internet or Intranet Deployment requires an ArcIMS Internet Deployment License. Except for ArcIMS licenses, one (1) Internet Deployment license is required for each ArcIMS server/CPU that runs Web mapping applications built with MapObjects—Windows Edition. For MapObjects—Java Edition, Internet or Intranet Deployment requires a MapObjects—Java Internet Deployment License. An application upgrade is not a redeployment as long as it uses the same major revision of ArcGIS Schematics SDK, MapObjects—Windows Edition, or MapObjects—Java Edition.
16. The MapObjects—Java Edition contains Java Archive (JAR) files, which indicate they are authentic ESRI-certificated files when used over the Internet. Any Licensee certificate placed on the modified "re-jarred" files cannot reference ESRI as a source of trusted content. In addition to any other rights and restrictions in the Agreement, Licensee may use the MapObjects—Java Edition on a single computer to
 - (a) Build applet(s) that are used only as an internal component in end user interfaces, and to copy the applet(s) to additional computers (e.g., Web Server) from which Licensee may deploy the applet(s) to end users via download in the course of browsing or interacting with Licensee's Web pages. End user redistribution of the applet(s) is not allowed; and
 - (b) Build stand-alone Java Applications. Licensee may deploy the Java class ESRI certificated libraries as an integral part of Licensee's application(s); and
 - (c) Build servlets and/or Enterprise JavaBeans with MapObjects—Java components, requiring a MapObjects—Java Internet Deployment License for each server configuration; and
 - (d) Distribute MapObjects Java applets, provided (i) Licensee's Web pages or software application(s) is targeted at end users and not as a development tool; (ii) Licensee does not use ESRI's name, logos, or trademark to market Licensee's Web pages or application(s); and (iii) Licensee includes a valid Licensee copyright notice on Licensee's Web pages and software application(s).
17. ArcSDE is licensed on a Server/CPU basis and on a one-to-one basis with a relational database. Licensee may run ArcSDE on a Server to connect to a DBMS, or may connect directly to a DBMS by running ArcSDE on an individual desktop computer. Each ArcSDE Server license permits multiple ArcSDE instances on one (1) server or one (1) desktop computer if Licensee has multiple database instances on the corresponding database Server. Licensee may not connect to more than one (1) database server with an ArcSDE license. ArcSDE for Coverages is licensed only in conjunction with ArcView, ArcEditor, or ArcInfo concurrent use licenses, or ArcSDE Server or ArcIMS Server licenses. Licensee may reproduce and redistribute ArcSDE for Coverages for its internal use.
18. Licensee may reproduce and redistribute the ArcReader and/or ArcExplorer Software provided all of the following occur:
 - (a) The ArcReader or ArcExplorer Software is reproduced and redistributed in its entirety whether as a stand-alone application or as an embedded GIS viewing tool on Licensee's own deliverable;
 - (b) An Agreement accompanies each copy of the ArcReader or ArcExplorer Software that protects the ArcReader or ArcExplorer Software to the same extent as the ESRI License Agreement, and the recipient agrees to be bound by the terms and conditions of the Agreement;
 - (c) All copyright and trademark attributions/notices are reproduced;

- (d) There is no charge or fee attributable to the use of the ArcReader or ArcExplorer Software; and
 - (e) Sourcebook America may not be redistributed.
19. Data provided with ArcPad StreetMap may be used for mapping, geocoding, and routing purposes but may not be used for dynamic routing purposes. Dynamic routing or "real-time guidance" is predictive routing and is not included in the ArcPad StreetMap functionality. For instance, ArcPad StreetMap may not be used to alert a user about upcoming maneuvers (such as warning of an upcoming turn) or calculating an alternate route if a turn is missed.
20. Notwithstanding the Term and Termination provision of the General License Terms and Conditions, Tapestry and Community Coder are term licenses. ESRI Software, Data, and Documentation shall be subject to the Permitted Uses and Uses Not Permitted described below

"Permitted Uses:

- (a) Licensee is granted permission to include resultant maps, reports, or other data output derived from ESRI Software, Data, and Documentation only as part of Licensee's value-added products and/or services (e.g., Licensee's client reports, presentation packages, marketing studies, etc.) to current or prospective clients, so long as the resultant maps, reports, or other data output derived from ESRI Software, Data, and Documentation comprises less than twenty percent (20%) of the total value of the Licensee's client reports, presentation packages, or marketing studies.
- (b) If Licensee orders a license for ArcGIS Business Analyst with a subset of the national data set (i.e., Region, State, Local), Licensee may use only the licensed subset, and may not use any other portion of the national data set.

Uses Not Permitted:

- (a) Licensee shall not sell; rent; lease; sublicense; lend; assign; time-share; or act as a service bureau or Application Service Provider (ASP) of full, complete, stand-alone reports, maps, or data output created from ESRI Software, Data, and Documentation without first entering into an appropriate reseller-type agreement with ESRI.
 - (b) Unless Licensee has separately licensed a copy of Community Coder, or ESRI Data that permits appending of the Community Tapestry market segmentation system codes ("Tapestry Codes"), Licensee shall not use the ESRI Data to assign or append Tapestry Codes to addresses or geographical data not included with ESRI Software, Data, and Documentation. If Licensee is granted the right to assign Tapestry Codes to Licensee's own files or records (i.e., profiling), Tapestry Codes shall not be disclosed to or used for the benefit of third parties nor shall Licensee provide any third party with mapping, indexing or delivery services made possible through the use of the deliverables without ESRI's express written permission.
 - (c) Licensee shall not use, copy, redistribute, publicly display, rebroadcast, or otherwise retransmit the ESRI Software, Data, and Documentation on the Internet without first entering into an appropriate Internet/Intranet Deployment-type agreement with ESRI.
 - (d) Licensee shall not withhold any substantial right (e.g., extension of credit) from any individual based solely on the Community Tapestry market segmentation systems type of said individual's place of residence.
21. The ArcGIS Engine Developer Kit grants the right to develop an unlimited number of applications on a single computer and to deliver the applications with or without the Engine Runtime Software to end users. The ArcGIS Engine Developer Kit licenses and Engine Runtime licenses may be licensed independent of the other. Licensee shall not redistribute the Engine Developer Kit authorization file. The Engine Runtime licenses shall not be used for development of Engine applications. Internet and Server development and deployment is not permitted. An end user must license either ArcGIS Engine Runtime Software or other ArcGIS Desktop Software (ArcView, ArcEditor, or ArcInfo) to obtain the right to run an unlimited number of applications built from the ArcGIS Engine Developer Kit on one (1) computer. The ArcGIS Engine Runtime Extensions shall not be used in combination with ArcGIS Desktop Software to run ArcGIS Engine applications. Developers must attribute as follows: "Portions of this computer program are owned by LizardTech, Inc., and are Copyright © 1995–2002 LizardTech, Inc., and/or the University of California. All rights reserved. U.S. Patent No. 5,710,835."
22. Server Software may be used in logical, virtual, and "on-demand" server configurations. When counting the number of CPU licenses required for each type of server configuration, ESRI counts all the physical CPUs in a server where the Server Software is installed and/or running. In logical server configurations each Server Software license may be installed on up to two (2) CPUs in one (1) logical server. For "on-demand computing" dormant CPUs do not need to be licensed until they are activated. In virtual server configurations all CPUs in the server must be licensed.

General Information and Disclaimers

1. The following software items and related products are offered to Licensee and its qualified agencies for use only within the United States of America, its possessions, and territories.
2. The listed prices are exclusive of shipping, handling and any applicable taxes. Delivery terms are FOB Redlands, California. Shipping and handling will be prepaid and charged back, i.e. included in the invoice as a separate item. If desired, shipping and handling charges can be quoted to the customer prior to the placement of the order. Your ESRI Sales Representative can provide a specific quote including applicable shipping and handling charges.
3. Eligible customers may at any time request a specific quote based on this contract from an ESRI sales representative. When selecting items from this contract without assistance from an ESRI sales representative, be aware of the following general rules:
 - (a) Volume pricing applies on a per-order and per-item basis unless otherwise indicated. The listed prices must be multiplied by the order quantity to determine the total price for any given order.
 - (b) Some products have prerequisites and interdependencies so that one may not be purchased, or may not be functional, without prior or simultaneous purchase of another product. For example, software upgrades can only be licensed by customers who have already acquired the corresponding earlier version of the software, and extension software is only functional in combination with the corresponding core software. If you have questions regarding your configuration, please contact your ESRI representative for additional information.
 - (c) System requirements and platform support vary from item to item. If in doubt whether your system will support a desired item, please contact your ESRI sales representative for additional information.
 - (d) Some items are not offered to all potential customers. For example, certain software upgrades are only offered to customers who have acquired the most recent versions of the software and local government licenses are only offered to local government customers.
 - (e) Customer must provide adequate facilities for client site training. Certain other restrictions apply. See the Learning Center On-site training information at ESRI's Web site (www.esri.com/training/site_training.html) for details.
 - (f) ESRI Site Training (i.e. Training at one of ESRI's Training Centers) requires a completed registration application form from each student. Registrations are processed on a first-come, first-served basis. We recommend that you submit this registration information at least one month prior to the start date of your class. See the Learning Center registration information at ESRI's Web site (www.esri.com/training/register.html) for details.
4. Support services are defined at ESRI's Web site (www.esri.com) within the user support section. Particular attention should be paid to the fact that some ESRI software comes with complimentary maintenance for the first year and other software features different support plans.
5. New software releases for most software products are provided exclusively through maintenance programs. In these cases, software upgrades are not sold separately.

ADDENDUM TO THE GENERAL LICENSE TERMS AND CONDITIONS FOR LIMITED TERM ESRI DEVELOPER NETWORK SUBSCRIPTION

This Addendum to the General License Terms and Conditions for the Limited Term ESRI Developer Network Subscription ("Addendum") modifies the terms and conditions of the License Agreement to incorporate additional or different terms and conditions specifically for the ESRI Developer Network subscription.

Modification to License Agreement

The **General License Terms and Conditions (E200)** are modified as follows:

1. Article 1—Definitions, is amended by the addition of the following definitions:

"EDN" shall mean the ESRI Developer Network.

"EDN Software Library" shall mean the Software, Data, Documentation, License Manager, ArcWeb Services, instructional materials, and any other materials made available to Licensee during the subscription period.

"EDN Website" shall mean the ESRI Web site devoted to the global community of GIS developers through which licensees may download and upload software, data, and information through peer-to-peer sharing.

"Service Pack" shall mean a Software update available to Licensee through the ESRI Support Web page as a download via the Internet or by other means.

2. Article 4—Scope of Use, is amended by the addition of the following **Permitted Uses**:

- Licensee may use only the type and number of copies of the Software, Data, Documentation, and ArcWeb Services included in the EDN Software Library during the subscription period for which the appropriate subscription fees have been paid to ESRI in accordance with the licensed configuration on file with ESRI Customer Service for Licensee's internal use and the terms of this Agreement.
- The Licensee may use each EDN subscription license for one (1) developer who may use the EDN Software Library and other resources of the program solely for the purposes of research, development, test, and demonstration of a prototype application to Licensee's customers and internal users for acceptance testing. There are no deployment, runtime, commercial use, or production rights granted by the EDN subscription license.
- Licensee agrees that it will order a separate EDN subscription for each individual developer who accesses the EDN Software Library and EDN Website. Licensee shall also order a separate EDN subscription for each individual developer of a consultant or contractor who requires access to the EDN Library in support of Licensee.
- Licensee may permit each authorized developer to copy and install the EDN Software Library on multiple computers for use solely by the authorized developer(s) covered by an EDN subscription provided Licensee requires the developer(s) to use the software only as permitted by this EDN subscription license.
- Licensee may use, copy, reproduce, and redistribute the Service Pack(s) as part of Licensee's application. Any other right to use, copy, reproduce, and redistribute Software, Data, and Documentation or ArcWeb Services, including updates, is subject to the grants and scope of use in the applicable ESRI license agreement for full commercial use, and use of the EDN Software Library is limited to the permitted uses in this Addendum.
- Licensee may use the EDN Software Library at one (1) location for each subscription.
- Licensee may grant access to server applications developed using the EDN Software Library to Licensee's customers and internal users for acceptance testing purposes only provided that Licensee's customers and internal users will not perform any debugging, configuration, or maintenance.

3. Article 4—Scope of Use, is amended by the addition of the following **Uses Not Permitted**:

- A single EDN subscription may not be shared by multiple developers or other users who do not have an EDN subscription.
- The EDN subscription may not be used for production purposes, and does not include the right to any deployments, runtimes, or server technology for production or other commercial purposes.
- Licensee shall not transfer or redistribute the EDN Software Library, in whole or in part, among other Licensee sites, or among other individual developers at a single site, except for other developer(s) with an EDN subscription at the site.
- Licensee shall not publicly disclose results of benchmark testing except with prior written permission of ESRI.

4. Article 5—Maintenance, does not apply to the EDN subscription and Licensee shall not be entitled to standard Maintenance. Licensee shall receive updates to the EDN Software Library during the term of the subscription, but ESRI technical support is not available unless Licensee elects to order Developer Support Group technical support services (DSG Support) for the EDN Software Library products eligible for such support.

5. Article 6—Term and Termination, does not apply to the EDN subscription and is replaced by the Term, Termination, and Renewal provision in the General Provisions for the EDN subscription indicated below.

6. Article 7—Limited Warranties and Disclaimers, Section 7.1, Limited Warranties, does not apply to any sample code made available to Licensee through the EDN subscription. Section 7.3, General Disclaimer, shall apply to any sample code. THE SAMPLE CODE IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EXPRESS OF IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINTERFERENCE, SYSTEM INTEGRATION, AND NONINFRINGEMENT. LICENSEE ASSUMES ALL RISK AS TO THE QUALITY AND PERFORMANCE OF THE SAMPLE CODE.

ArcWeb Services Terms and Conditions for the EDN Subscription

The Master License Agreement is modified by the addition of the following terms for ArcWeb Services included in the EDN subscription:

1. Grant—ESRI hereby grants a nonexclusive, nontransferable, *limited license* to the Licensee, and Licensee hereby accepts the limited license for use of the ArcWeb Service(s), including any applicable data or documentation (hereinafter referred to as "Service(s)"), up to the authorized number of credits during the ESRI Developers Network (EDN) subscription period. Such license includes the right to access the Service(s) made available on the Web site and to use the Service(s) to research, develop, test, and demonstrate prototype Web-based application development as permitted herein. ESRI reserves the right to immediately terminate this license should Licensee use the Service(s) for any use not permitted under this Agreement. Further, ESRI reserves the right to change the number of credits, specific ArcWeb Service(s), and related terms and conditions.

2. Reservation of Ownership and Grant of License—The Service(s) accessed pursuant to this Agreement or any other materials delivered hereunder, is proprietary to ESRI or its licensors and contains trade secrets, inclusive of unpublished specifications. All rights, title, ownership in patents, trademarks, copyrights, trade secrets, know-how, and any proprietary rights in the Service(s) remain exclusively with ESRI or its licensors. The Service(s) is protected by United States copyright laws and applicable international treaties and/or conventions. Licensee acknowledges that the Service(s) is proprietary to ESRI or its licensors.

3. Scope of Use

Licensee may

- a. Use the Service(s) within an internal network environment for Licensee's own internal use as described herein;
- b. Access and use any secure ESRI Web site resources made available to Licensee for Licensee's internal use only, provided that Licensee follows ESRI's terms of use policy specified therein. All password or controlled access information provided by ESRI shall be treated as ESRI confidential information;

- c. The Licensee may use each EDN subscription license for one (1) developer who may use the Service(s), and other resources of the program solely for the purposes of research, development, test, and demonstration of a prototype application to Licensee's customers and internal users. There are no deployment, runtime, commercial, server use, or production rights granted by the EDN subscription license for Web-enabled applications developed using the ArcWeb Service(s);
- d. Download and store geocoded results only when using the Service known as Address Manager; or
- e. Grant access to server applications developed using the EDN Software Library to Licensee's customers and internal users for acceptance testing purposes only provided that Licensee's customers and internal users will not perform any debugging, configuration, or maintenance.

Licensee may not

- a. Copy, download, store (except as permitted above), publish, transmit, transfer, sell, or otherwise use the Service(s) except as expressly permitted herein;
- b. Sell, lease, lend, rent, timeshare, assign, sublicense, or transfer any right to use the Service(s) to any third party without the prior express written permission of ESRI;
- c. Attempt to unlock or bypass the access code used or uncover any ESRI source code, reverse engineer, decompile, or disassemble the Service(s) for any purpose, except to the extent permitted by applicable law notwithstanding this restriction, in order to protect ESRI or its supplier(s) trade secrets and proprietary information contained in the Services;
- d. Publicly disclose results of benchmark testing except with prior written permission of ESRI;
- e. Create derivative Service(s) or add value to the Service(s) and thereafter resell or otherwise distribute the Service(s) as Licensee's own services;
- f. Reformat and display the Service(s) in an attempt to mirror or make commercial use of the ESRI Web site;
- g. Use the Service(s) for production or other commercial purposes; or
- h. Use the Service(s) beyond the EDN subscription period or carry over any credits remaining into a new EDN subscription period.

4. Third Party Data Sets—If the Service(s) to be used includes third party data sets owned and licensed by Geographic Data Technology, Inc. ("GDT"), TeleAtlas North America, Inc. ("TANA"), Meteorlogix, LLC ("Meteorlogix"), NAVTEQ (Navteq), MDS Data (MDS), or ESRI Italia S.p.A. (ESRI Italia), the applicable license limitations set forth in Attachment No. 1, ArcWeb Service(s) Terms and Condition for the EDN subscription, Third Party Data Sets—License Limitation, are incorporated by reference and shall apply to this license Agreement. ESRI reserves the right to modify or supplement the terms and conditions in Attachment 1 at any time as ESRI, in its sole discretion, deems necessary to comply with the third party data vendor's requirements.

5. ArcWeb Service(s) Warranty—THE SERVICE(S) IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. LICENSEE BEARS ALL RISK AS TO THE QUALITY AND PERFORMANCE OF THE SERVICE(S).

ESRI reserves the right to make any changes it deems necessary or desirable to the Service(s).

General Provisions for the EDN Subscription

The following clauses are added to the Master License Agreement and are specifically applicable to the EDN Software Library and the EDN subscription:

1. Term, Termination, and Renewal—The EDN subscription period and term of the license for use of the EDN Software Library is one (1) year from date of shipment or transmittal of the EDN subscription code. This license expires upon expiration of the EDN subscription, use of all permitted credits with respect to ArcWeb Services, or earlier by either party upon written notice to the other. Licensee may renew the subscription by payment of the EDN subscription fee on or before the expiration date, so long as Licensee complies with the terms of this Agreement. The license for the EDN subscription and EDN Software Library may terminate if (i) Licensee elects in writing to discontinue use of the EDN Software Library and terminates its EDN subscription or (ii) either party terminates the EDN subscription or this Agreement for a material breach that is not cured within ten (10) days of written notice to the other party, except that termination is immediate for a material breach of a nature that it is impossible to cure. No refund of the EDN subscription fee will be made for termination for the EDN subscription, except as required by a judgment of default against ESRI filed in a court of competent jurisdiction.

2. Deinstallation upon Expiration or Termination—ESRI may terminate this Agreement as provided in the General Provisions of the EDN subscription, Article 1, Term, Termination, and Renewal, above. Upon expiration or termination of the EDN subscription, Licensee shall uninstall, remove, and destroy the EDN Software Library and all components and all whole or partial copies, modifications, or merged portions in any form, and upon ESRI's request, certify to or provide evidence of such deinstallation or destruction to ESRI.

3. Audit Rights—Licensee shall maintain at Licensee's principal place of business complete and accurate business records of the use of the EDN Software Library acquired pursuant to this Agreement. ESRI shall have the right to annually inspect such records at its expense and upon reasonable notice to Licensee and provided such inspection is reasonable in scope and is non-disruptive of Licensee's operations. If an audit reveals that Licensee has used the EDN Software Library for purposes other than those permitted by the EDN subscription license terms set forth in this Agreement, then Subscriber shall pay ESRI's reasonable costs of conducting the audit, in addition to the payment of additional fees based on full use commercial license fees.

4. Nondisclosure and Compliance with Terms of Use and Privacy Statement—Licensee agrees that it shall not disclose any technical, business, or marketing information about or related to the EDN program to other entities involved in the development or licensing of geographic information system software, or disclose any password except to the authorized developer(s). Licensee agrees to comply with the Terms of Use Agreement and Privacy Statement posted on the EDN subscription Web site. Licensee agrees to advise each authorized developer of the rights and obligations of this Agreement and to require compliance with the terms and conditions of this Agreement.

5. Precedence—The terms and conditions in this Addendum shall take precedence over any conflicting terms of the Master License Agreement General Terms and Conditions and Exhibit 1, Scope of Use, with respect to the EDN Software Library and EDN subscription.

TO THE
ArcWeb SERVICE(S) TERMS AND CONDITIONS FOR THE EDN SUBSCRIPTION
THIRD PARTY DATA SETS—LICENSE LIMITATIONS**

1. If the Service(s) to be used includes data sets owned or licensed by Geographic Data Technology, Inc. (GDT), the following limitations shall apply:
 - a. The use of GDT Data or its derivatives is strictly prohibited in any On-board Navigation System. For the purposes of this Agreement, an "On-board Navigation System" includes at least the following components installed in or on a vehicle: (a) storage medium to store at least a portion of the GDT Data or a certain database derived there from, (b) a gyroscope, and (c) a device to detect the wheel rotation of a vehicle.
 - b. The use of GDT Data for routing capabilities is limited to a driving directions service that enables Licensee to generate multipoint driving directions between user-defined locations utilizing ESRI software accessing GDT Data.
 - c. The use of the GDT Data or its derivatives is strictly prohibited in the use of Automatic Vehicle Location (AVL). For the purposes of this Agreement, an AVL shall mean the service of locating a mobile or stationary unit with technology such as a Global Positioning System (GPS), triangulation, or a gyroscope to automatically estimate a specific point, such as a latitude/longitude, and delivering the GPS derived information and/or non-GPS derived information.
 - d. If Licensee is accessing Service(s) for Address Manager and utilize GDT Data, the following terms shall apply:
 - (i) Geocodes utilizing GDT Data may be delivered in single or batch mode.
 - (ii) GDT Data utilized in the Service(s) may be used for the purpose of returning list of geocodes.
 - (iii) Geocoded results may be downloaded and stored onto Licensee's computer for Licensee's internal business use only and only in connection with Address Manager.
2. If the Service(s) to be used includes data sets owned or licensed by TeleAtlas North America, Inc. (TANA), the following limitations shall apply:
 - a. Except as may otherwise be agreed to by TANA, Licensee's grant of license is for internal business or personal use only and not for transfer, distribution, or disclosure to third parties or use for the benefit of third parties.
 - b. Licensee's grant of license to use is limited to the authorized number of concurrent users, subscribers, or credits as applicable.
 - c. Licensee's use of the ArcWeb Services is limited other than while connected to ESRI's Server; other than that end user may use the results of the ArcWeb Services (e.g., batch geocoding results) for internal business or personal use only.
 - d. Licensee may not pass title to or any ownership interest in the TANA Data as contained in the ArcWeb Services from passing to any end user, Developer, or any other third party.
 - e. Licensee may not derive or attempt to derive the structure of the TANA Data as contained in the ArcWeb Services.
 - f. Except as may be permitted herein, Licensee may not duplicate (except for a single archival copy if Licensee is a Developer), reproduce, disclose, publish, distribute, or transfer any TANA Data as contained in the ArcWeb Services.
 - g. Licensee may not remove or obscure any TANA copyright, trademark notice, or restrictive legend.
 - h. If Licensee is an end user, Licensee may not modify or create any derivative works of the TANA Data or the ArcWeb Services, except Licensee may use the results of the ArcWeb Services (e.g., the shapefile of a route, but not the underlying road network) for internal business or personal use only.
 - i. TANA is a third party beneficiary of ESRI's rights under this Agreement with Licensee in order to enforce its intellectual property rights, but is not a party thereto and shall have no obligations thereunder.
 - j. Licensee acknowledges that the TANA Data as contained in the ArcWeb Services includes confidential and proprietary information and materials and may include trade secrets, and that Licensee agrees to hold the TANA Data as contained in the ArcWeb Services in confidence and in trust.
 - k. U.S. GOVERNMENT RIGHTS. If Licensee is an agency, department, or other entity of the United States Government, or funded in whole or in part by the United States Government, then use, duplication, reproduction, release, modification, disclosure, or transfer of this commercial product and accompanying documentation, is restricted in accordance with FAR 12.212 and DFARS 227.7202, and by a license agreement. Contractor/Manufacturer is Tele Atlas North America, Inc., 1605 Adams Drive, Menlo Park, California 94025;

Telephone: 650-328-3825. The TANA Data is ©1984–2003 by Tele Atlas North America, Inc., and Tele Atlas N.V. ALL RIGHTS RESERVED. For purpose of any public disclosure provision under any federal, state, or local law, it is agreed that the Products are a trade secret and a proprietary commercial product and not subject to disclosure.

1. If Licensee is an agency, department, or other entity of any State government, the United States Government or any other public entity, or funded in whole or in part by the United States Government, then Licensee hereby agrees to protect the TANA Data as contained in the ArcWeb Services from public disclosure and to consider the TANA Data as contained in the ArcWeb Services exempt from any statute, law, regulation, or code, including any Sunshine Act, Public Records Act, Freedom of Information Act, or equivalent, which permits public access and/or reproduction or use of the Products. In the event such exemption is challenged under any such laws, this Agreement shall be considered breached and any and all right to retain any copies or to use any of the TANA Data as contained in the Authorized Derivative Services shall be terminated and considered immediately null and void. Any copies of the TANA Data as contained in the Authorized ArcWeb Services held by Licensee shall immediately be destroyed. If any court of competent jurisdiction considers this clause void and unenforceable, in whole or in part, for any reason, this Agreement shall be considered terminated and null and void, in its entirety, and any and all copies of the TANA Data on the ArcWeb Services shall immediately be destroyed.

2.1 The following terms shall apply if Licensee receives TANA GB Data:

- a. All warranties of Ordnance Survey, whether express or implied, including, but not limited to, the implied warranties of noninfringement, merchantability, completeness, accuracy, and fitness for a particular purpose are hereby disclaimed and shall not apply. Licensee acknowledges that Ordnance Survey makes no warranty and gives no representation that the TANA GB Data is complete, accurate, and/or up to date and is an essential condition of this Agreement and that Licensee accepts the TANA GB Data on that basis.
- b. In no event shall ESRI, Ordnance Survey, or TANA have any liability to Licensee with respect to Licensee's use of the TANA GB Data.
- c. Licensee may not use the TANA GB Data in any printed, published form that results in products to be distributed freely or sold to the public without the prior permission of Ordnance Survey.
- d. Licensee shall indemnify Ordnance Survey from and against all claims, demands, or actions, irrespective of the nature of the cause of the claim, demand, or action alleging loss, costs, expenses, damages, or injuries (including injuries resulting from death) arising out of the use of the TANA GB Data.

2.2 The following term shall apply if Licensee receives TANA Data of Denmark:

Licensee is prohibited from using the TANA Data of Denmark to create maps within telephone books, or other products similar to telephone books (e.g., directories), including such products in digital form.

2.3 The following term shall apply if Licensee receives TANA Data of Norway:

Licensee is prohibited from using the TANA Data of Norway to create general purpose printed or digital maps, which are similar to the basic national products of the Norwegian Mapping Authority. (Any Derivative Product of the TANA Data of Norway shall be regarded as similar to the basic national products of the Norwegian Mapping Authority if such Derivative Product has a regional or national coverage, and at the same time has a content, scale, and format similar to the basic national products of the Norwegian Mapping Authority.)

2.4 When Licensee accesses TANA Data, the following additional terms shall apply:

- a. Licensee is granted the right to use the ArcWeb Services only for the purpose of creating Derivative Product(s) that shall not remove or disengage the Data from the ArcWeb Services, shall access the Data on ESRI's servers only, and for no other purpose unless otherwise agreed to by TANA.
- b. Licensee shall notify ESRI immediately if Licensee learns of any misappropriation, unauthorized use, or public disclosure of the ArcWeb Services or TANA Data and Licensee shall cooperate with ESRI's efforts to prevent such misappropriation, misuse, or public disclosure.
- c. If the ArcWeb Services, TANA Data, or any portion thereof are modified, merged, or combined into or with any software, hardware, other programs, or other data, such modifications, mergers, or combinations shall continue to be subject to the provisions of this Agreement, and TANA retains ownership of its spatial map database contained in the ArcWeb Services or Data and all such portions.

- d. In no event may Licensee translate and/or convert the Data into another data format.
- e. In no event shall Licensee (i) extract data from the TANA Data or the ArcWeb Services in any digital, vector-based form, (ii) deliver any TANA Data in its original form to any third party, but may only combine the TANA Data with substantial added value to create the authorized ArcWeb Service(s), (iii) use the TANA Data to provide any competitive information about TANA or the TANA Data to any third parties, (iv) create Derivative Products that compete with the TANA Data, or (v) create Derivative Products other than the specific authorized ArcWeb Service(s).
- f. Licensee may not provide access to the Data other than through the ArcWeb Services.
- g. Licensee agrees that attributes in the TANA Data of (i) Functional Road Class, (ii) Speed Category, (iii) Access Restrictions and Conditions; (iv) Internal Intersections Links, (v) Maneuvers, (vi) Indescribable Links, (vii) Special Explication, and (viii) House Number Ranges, shall be used by the ArcWeb Services for calculation purposes only, and such attributes may not be displayed or otherwise disclosed to end users, consumers, or any third party, provided, however, that specific house numbers may be derived from House Number Ranges and displayed to end users and/or consumers to identify correlating locations satisfying search queries of such end users and/or consumers; and (ix) TANA Data attributes of Sign Text may only be displayed or otherwise revealed in connection with a specific route for which driving directions and/or route guidance is provided to an end user and/or consumer.
- h. Licensee may not disclose, sublicense, distribute, transmit, or in any manner otherwise provide the TANA Data to Geographic Data Technology, Inc. (GDT), Geographic Data Technology Canada, Inc. (GDT Canada), and Navigation Technologies, Inc. (NavTech).
- i. ESRI reserves the right to terminate this Agreement if Licensee violates or breaches any material term of this Agreement.
- j. Licensee must destroy (and provide certification of such destruction) or return to ESRI all copies of the TANA Data that Licensee is in the possession or control of upon termination or expiration of this Agreement.

3. If the Service(s) to be evaluated includes data owned or licensed by Meteorlogix, the following limitation shall apply:

Licensee may not store Meteorlogix Data for any amount of time exceeding a five (5) day period from the date of receipt of such Data.

4. **NAVTEQ Data.** If Licensee's access to Service(s) includes Third Party Data owned and provided by NAVTEQ North America LLC (NAVTEQ), then Licensee's use of NAVTEQ Data shall be subject to the following terms and conditions:

General Terms

In no event shall NAVTEQ Data be used to provide dynamic or real-time route guidance directions and/or alerts, including without limitation, derived locations pursuant to a request for roadside assistance, automatic collision notification and reporting triggered by an accident, and notification that an asset or person has breached the boundary or perimeter of a defined geographic area, or Route Optimization through the Service(s) or otherwise. For the purposes of this Addendum Route Optimization means calculating the order of destinations, way points and or routes thereto for people, devices, and or transportation means, based on availability, positioning and or routing of at least one other person, device or transportation.

In no event shall the Points of Interest data (i.e., business listings) included in any NAVTEQ Data be used for sales lead generation where sales lead generation mean an application specifically designed to generate sales lead information in the form of ASCII or other text-formatted lists of category-specific business listings which (i) originate from the NAVTEQ Data and (ii) include complete mailing addresses for each business. Sales lead generation shall not include any application permitted hereunder where mailing address or phone numbers are provided in bit map graphical images or in another no-text form.

Canada

The following provisions apply to NAVTECH Data for the coverage area of Canada, which may include or reflect data from third party licensors, including Her Majesty the Queen in Right of Canada ("Third Party Data"):

1. Disclaimer and Limitation: Licensee agrees that use of the Third Party Data is subject to the following provisions:
 - (A) **DISCLAIMER: THE THIRD PARTY DATA IS LICENSED ON AN "AS IS" BASIS. THE LICENSORS OF SUCH DATA, INCLUDING HER MAJESTY THE QUEEN, MAKE NO GUARANTEES, REPRESENTATIONS OR WARRANTIES RESPECTING SUCH DATA, EITHER EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE, INCLUDING BUT NOT LIMITED TO, EFFECTIVENESS, COMPLETENESS, ACCURACY OR FITNESS FOR A PARTICULAR PURPOSE.**
 - (B) **LIMITATION ON LIABILITY: THE THIRD PARTY DATA LICENSORS, INCLUDING HER MAJESTY THE QUEEN, SHALL NOT BE LIABLE: (i) IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF SUCH DATA; OR (ii) IN ANY WAY FOR LOSS OF REVENUES OR CONTRACTS, OR ANY OTHER CONSEQUENTIAL LOSS OF ANY KIND RESULTING FROM ANY DEFECT IN THE DATA.**
2. Copyright Notice: In connection with each copy of all or any portion of the NAVTECH Data for the coverage area of Canada, Licensee shall affix in a conspicuous manner the following copyright notice on at least one of: (i) the label for the storage media of the copy; (ii) the packaging for the copy; or (iii) other materials such as user manuals or end user license agreements: **"This data includes information taken with permission from Canadian authorities, including © Her Majesty the Queen in Right of Canada, © Queen's Printer for Ontario."**
3. Licensee shall indemnify and save harmless the licensors, including Her Majesty the Queen and the Minister, and their officers, employees and agents from and against any claim, demand or action, irrespective of the nature of the cause of the claim, demand or action, alleging loss, costs, expenses, damages or injuries (including injuries resulting in death) arising out of Licensee's use or possession of the Third Party Data.

European Supplier Terms

The following provisions apply to the NAVTECH Data for and to the extent indicated respecting any territory including any country of Europe, which may include or reflect data from third party licensors:

1. OS Enforcement. With respect to NAVTECH Data for the territory of Great Britain, Licensee acknowledges and agrees that the Ordnance Survey ("OS") may bring a direct action against Licensee to enforce compliance with the OS copyright notice (see Section 3 below).
2. Traffic Codes. The following provisions apply to the grant of license for use of NAVTECH Data that includes Traffic Codes.
 - A. General Restrictions Applicable to Traffic Codes. Licensee acknowledges and agrees that in certain countries of the Territory of Europe, Licensee shall be responsible for obtaining rights directly from third party RDS-TMC code providers to use the Traffic Codes in the Data and to deliver to end users information, data, applications, products and/or services in any way derived from or based on such Traffic Codes.
 - B. Display of Third Party Rights Legend for Belgium. Licensee shall, for each provision of information, data, applications, products and/or services that uses Traffic Codes for Belgium, provide the following notice to the End User: "Traffic Information is provided by the Ministerie van de Vlaamse Gemeenschap and the Ministère de l'Équipement et des Transports."

3. Third Party Notices. Any and all copies of the NAVTECH Data and/or packaging shall include the respective Third Party Notices set forth below and used as described below corresponding to the territory (or portion thereof) included in such copy:

<u>Territory</u>	<u>Notice</u>
France	The following notice must appear on all copies of the Data, and may also appear on packaging: "source: Géoroute® IGN France & BD Carto® IGN France"

Portugal	"Source: IgeoE-Portugal"
Spain	"Información geográfica propiedad del CNIG"
Sweden	"Based upon electronic data © National Land Survey Sweden."
Switzerland	"Topografische Grundlage: © Bundesamt für Landestopographie."

5. **MDS Data.** If Licensee's access to Service(s) includes Third Party Data owned and provided by MapData Sciences Pty Ltd. (MDS), Licensee's use of the MDS Data shall be subject to the following terms and conditions:

- A. ESRI reserves the right, upon ten (10) days notice to Licensee, to suspend or terminate Service(s) that include any such MDS data.
- B. Copyright notice: Copyright in all of the mapping based materials on this website and any associated websites, including but not limited to information, artwork, text, maps, images, driving directions, and pictures, derived from the Australian mapping data, (herein referred to as "Content"), is either owned by or administered by MapData Sciences Pty Ltd ("MDS") ACN 45 053 437 282 (for the purpose of this notice MDS shall include MDS, its employees, servants, and agents) for and on behalf of variously, the following:
 - MapData Sciences Pty Ltd;
 - The Public Sector Mapping Agencies (PSMA)
 - State Governments of New South Wales, Victoria, Queensland, Tasmania, South Australia, and Western Australia;
 - The Territory Governments of Australian Capital Territory and Northern Territory;
 - Land Information New Zealand
 - Statistics New Zealand
- C. MDS does not warrant or make any representations regarding the accuracy, reliability, completeness, or correctness in relation to the Content presented on this website or any associated websites. Licensee accepts sole responsibility and risk associated with the use and results of information contained in this website or any associated websites.
- D. In no event shall MDS be liable for any loss or damages, including special, indirect, or consequential damages, however caused which may arise from or in connection with the use or performance of MDS Data or Materials used for this service or Content contained on this website or any associated website. Further, the State,

Territory, and Commonwealth Governments of Australia and PSMA Australia Ltd, do not make any representations or warranties about the Data acquired hereunder accuracy, reliability, completeness or suitability for any particular purpose and, to the extent permitted by law (but subject to any liability which cannot be excluded under the Trade Practices Act 1974 and equivalent State and Territory legislation), the above government bodies disclaim all responsibility and all liability (including without limitation, liability in negligence) for all expenses, losses, damages (including indirect or consequential damage) and costs which might be incurred as a result of the Data acquired hereunder being accurate or complete in any way and for any reason.

- E. If Licensee cannot comply with or do not agree with all of the terms and conditions of the above disclaimers, do not use this website or access MDS Data.
6. **ESRI Italia.** If Licensee's access to Service(s) includes Third Party Data owned and provided by ESRI Italia S.p.A., Licensee's use of ESRI Italia data in conjunction with Service(s) known as Map Image, Address Finder, and Query is strictly prohibited in any Personal or In-Vehicle Navigation systems that use Global Positioning Systems (GPS) real time data.
