Under the GSA Schedules (also referred to as Multiple Award Schedules and Federal Supply Schedules) Program, GSA establishes long-term governmentwide contracts with commercial firms to provide access to over 6.8 million commercial supplies and services that can be ordered directly from GSA Schedule contractors or through the [GSA Advantage!®](#) online shopping and ordering system. The [GSA Schedules Frequently Asked Questions \(FAQs\)](#) provide a variety of information regarding the GSA Schedules Program and the use of GSA Schedule contracts.

GSA Schedules offer a variety of features, including—

- [Blanket Purchase Agreements](#);
- [Contractor Team Arrangements](#);
- [Price Reductions](#);
- [New Technology](#);
- [Continuous Open Seasons](#);
- [Evergreen Contracts](#);
- [Worldwide Coverage](#);
- [Purchase Card Acceptance](#);
- [Environmental Programs/Identification](#); and
- [Section 508 information on electronic and information technology](#).

**Note:** In addition to the general FAQs for GSA Schedules, subject matter FAQs are also available for the following areas of interest to customer agencies and vendors:

- [Blanket Purchase Agreements](#);

- Contractor Team Arrangements;
- Cooperative Purchasing; and
- Legal Corner.

GSA Schedules offer customers direct delivery of millions of state-of-the-art, high-quality commercial supplies and services at volume discount pricing. The Schedules & Other Supplies & Services link lists commercial supplies and services available under GSA Schedules and other GSA contracts. All customers, even those in remote locations, can order the latest technology and quality supplies and services, conveniently, and at most-favored customer prices. GSA Schedules also offer the potential benefits of shorter lead-times, lower administrative costs, and reduced inventories. When using GSA Schedules, ordering activities have the opportunity to meet small business goals, while promoting compliance with various environmental and socioeconomic laws and regulations.

Orders placed against GSA Multiple Award Schedule (MAS) contracts, using the procedures in Federal Acquisition Regulation (FAR) 8.4, are considered to be issued using full and open competition (see FAR 6.102(d)(3)). Ordering activities shall not seek competition outside of GSA Schedules or synopsise the requirement. In addition, ordering activities are not required to make a separate determination of fair and reasonable pricing, except for the price evaluation required by FAR 8.405-2(d) when ordering services requiring a statement of work. By placing an order against a GSA Schedule contract using the procedures in this section, the ordering activity has concluded that the order represents the best value and results in the lowest overall cost alternative to meet the government's needs.

Although GSA has already negotiated fair and reasonable pricing, ordering activities may seek additional discounts before placing an order.

While the mandatory small business preference programs in FAR Part 19 do not apply to orders placed against GSA Schedule contracts, such orders may be credited toward an ordering activity's small business goals. Ordering activities may consider socioeconomic status when identifying contractors for consideration of an order (see FAR 8.405-5).
