

Attention Dust-Generating Permittees

Maricopa County Air Pollution Control Regulations (Rule 310 § 307)
requires the following:

Project Information Sign:

The owner and/or operator of a dust generating operation shall erect and maintain a project information sign at the main entrance, that is visible to the public, of all permitted sites that are five acres or larger. Such sign shall have a white background, have black block lettering which is at least four inches high, and shall contain the following information:

1. Project name and permit holder name;
2. Dust control permit number and expiration date ;
3. Name and local phone number of person(s) responsible for dust matters;
4. Text stating: Dust Complaints - Call Maricopa County Air Quality Department complaint phone line at (602) 506-6010 or (602) 372-2703.

Example of a Project Information Sign

<p>Maricopa County Jail Complex XYZ General Contracting Permit # E030555; Expiration Date: Responsible Project Individual(s) John Doe (602) 555-5555 or Jane Doe (602) 555-5555</p> <p>Dust Complaints: Call Maricopa County Air Quality Department (602) 506-6010 or (602) 372-2703</p>
--

Questions regarding sign requirements should be directed to the dust compliance division at (602) 506-6010
