**Additional Purchases and Out-of-Pocket Discount**

Member will receive a 20% discount on remaining balance at Participating Providers beyond plan coverage, which may not be combined with any other discounts or promotional offers, and the discount does not apply to EyeMed's Providers' professional services or disposable contact lenses.

Benefits are not provided for services or materials arising from: orthoptic or vision training; subnormal vision aids and any associated supplemental testing; aniseikonic lenses; medical and/or surgical treatment of the eyes; corrective eyewear required by an employer as a condition of employment, and safety eyewear unless specifically covered under the plan; services provided as a result of Workers' Compensation law; plano non-prescription lenses and non-prescription sunglasses (except for the 20% EyeMed discount); two pairs of glasses in lieu of bifocals (does not apply to Primary Plan members); services or materials provided by any other group benefit providing for vision care. Benefit allowances provide no remaining balance for future use within same benefit period. Lost or broken lenses, frames, glasses, or contact lenses will not be replaced except in the next benefit period.

\*Standard Contact Lens Fitting-spherical clear contact lenses in conventional wear and planned replacement (examples include but not limited to disposable, frequent replacement etc.)

\*\*Premium Contact Lens Fitting-all lens designs, materials and specialty fittings other than Standard Contact Lenses (examples include toric, multifocal etc.)

### Value Added Features:

In addition to the health benefits your EyeMed program offers, members also enjoy additional, value-added features including:

- **Additional Savings:** Save up to 40% off additional complete eyeglass purchases once the funded benefit has been used.
- **Replacement Contact Lenses Online:** As an added convenience, members can order replacement contact lenses directly online.

## ***Commonly Asked Questions:***

### **Why do I need a regular eye examination, especially if I haven't had a prescription change or I don't have a vision problem?**

Regular eye exams are crucial to your vision and overall health. Eye examinations can lead to the early detection of several vision and health-related conditions, including glaucoma, diabetes, cataracts and hypertension. And because early detection is key for treatment, regular eye examinations play a vital role in ensuring a healthy life.

### **Can I choose different locations for my exam and materials?**

Yes, you have the freedom to choose any provider location for your eye care and eyewear needs. Members may receive an eye exam from one provider, and fill their prescription for glasses at another participating provider location. This provides you with the flexibility to choose a location that offers a variety of eyewear to meet your needs.

### **Will I need to obtain a claim form to receive services?**

No, you will not need to obtain a claim form for in-network services. The process is simple, locate a provider online or through our Customer Care Center, make an appointment and tell the provider you are an EyeMed member. If you receive an EyeMed Vision Care ID card, present the card at the time of service as an added convenience to easily identify yourself as an EyeMed member.

### **Will I be able to choose any eyewear product available at an EyeMed provider location?**

With EyeMed, you can apply your benefit toward any available frame or brand of contact lenses that fit your lifestyle. This allows you to choose from a variety of styles including designer frames by Luxottica such as Anne Klein, Brooks Brothers, Persol, Vogue and others. Simply consult with your provider if you have any questions about how your vision care plan will be applied toward your eyewear purchase.

### **Will I save more with this vision care benefit, or with an eyewear coupon or other promotional offer?**

Take a few minutes to review your plan coverage. In almost every instance, you will find that your vision care plan delivers greater savings and less out-of-pocket costs at more provider locations than a coupon or special offer. You can also use your benefit when it is convenient for you, without having to worry about coupon expiration dates or limited time offers. Please note, your benefit cannot be combined with any other discounts or promotional offers.

### *The Importance of Eye Health*

Your family depends on you to maintain and schedule proper eye health. That's why EyeMed Vision Care brings easy to use and affordable vision care to you. Although proper vision care is not something you think about often, choosing a quality vision care program designed for every member of your household is extremely important. Here's why:

#### **Regular eye exams can detect:**

- **Cataracts**, a clouding of the lens that is a leading cause of blindness
- **Reduced Vision**, including nearsightedness, farsightedness and astigmatism
- **Glaucoma**, pressure buildup of the eye that may lead to optic nerve damage and blindness
- **Other vision problems**, such as macular degeneration, low vision and other conditions that can increase the risk of learning disabilities with children
- **Additional medical conditions**, including undiagnosed diabetes or high blood pressure.

#### **Eye Health Guide**

Answer these questions to determine the eye health of you and your family:

Has it been longer than 24 months since your last eye exam?	Yes	No
Is there another family member who has not had an eye exam in the last two years?	Yes	No
Do any family members wear glasses or contacts that are scratched or fit poorly?	Yes	No
Does anyone in your home get headaches from reading or watching TV?	Yes	No
Do you have children of elementary school age?	Yes	No
Is any family member 50 years old or older?	Yes	No

If you or a family member answered yes to any of the questions above, then you should consider an eye exam in the near future. Better yet, sign up for the vision program and apply your coverage to an exam and eyewear.
