

AA Recommendation for Oral Health Services

Per Planning Council approval in April, 2016 , the maximum allowable limit for Oral Health Services for 2016 has been raised to \$3500/year.

The AA is recommending that the Planning Council approve that treatment plans above \$3500 will be reviewed on a case by case basis, to a maximum of \$5000/year. This policy will align the RWPA policies with the RWPB policies for 2016.
