

Substance Abuse Services (Outpatient)

Approved: March 2015

Substance Abuse Treatment Services- Outpatient, provided by or under the supervision of a physician or other qualified/licensed personnel; may include use of funds to expand HIV-specific capacity of programs if timely access to treatment and counseling is not otherwise available

Services limited to the following:

- Pre-treatment/recovery readiness programs
- Harm reduction
- Mental health counseling to reduce depression, anxiety and other disorders associated with substance abuse
- Outpatient drug-free treatment and counseling
- Opiate Assisted Therapy
- Neuro-psychiatric pharmaceuticals
- Relapse prevention
- Limited acupuncture services with a written referral from the client's primary health care provider, provided by certified or licensed practitioners wherever State certification or licensure exists (Not funded by Phoenix EMA)
 - Services provided must include a treatment plan that calls only for allowable activities and includes:
 - The quantity, frequency, and modality of treatment provided
 - The date treatment begins and ends
 - Regular monitoring and assessment of client progress
 - The signature of the individual providing the service and or the supervisor as applicable

Goals

- Assist HIV-positive clients with cessation of substance abuse thereby reducing barriers to medical care
- Refer to/or provide psychiatric evaluation and medication monitoring if indicated
- Comply with the State of Arizona requirements for the provision of Substance Abuse Services, and the Planning Council's Universal Standards of Care

Desired Outcomes
